## ABOUT THE COVER

The black background of the front cover represents darkness and ignorance, while the white color of the letters represents light and knowledge.

The image is a Kufi calligraphy of the Word of Unity: “*La ilaha illallah; Muhammad Rasulallah*” which means,

“There is no concept such as ‘god’, there is only that which is denoted by the name Allah, and **Muhammad (SAW)** is the *Rasul* of this understanding.”

The placement of the calligraphy, being on top and above everything else on the page, is a symbolic representation of the predominant importance this understanding holds in the author’s life.

The green light, reflecting from the window of the Word of Unity, opens up from the darkness into luminosity to illustrate the light of Allah’s *Rasul*. This light is embodied in the book’s title through the author’s pen and concretized as the color white, to depict the enlightenment the author aims to attain in this field. As the knowledge of Allah’s *Rasul* disseminates, those who are able to evaluate this knowledge attain enlightenment, which is represented by the white background of the back cover.

## Preface for Prologue to Decoding the Quran

*“The part mirrors the whole” (Muhammad saw)*

*“All information is stored in every volume of space” (Quantum mechanics & the Holographic Principle)*

He who wants to observe the reality can do so even on a single verse... Whether that be a manifestation in worldly form or a literal verse encrypted in the Quran... For just as the part contains the whole, a single verse can be a gateway into endless realizations, both inward and outward...

In this light, this tiny, yet very special selection and interpretation of verses by Ahmed Hulusi, released as a preliminary to *Decoding the Quran*, is like an invitation to man, to *read* and *know* himself... As only through a comprehensive knowledge of the self we have a real chance to know the One!

So let us forego our predetermined conditionings and *read* as though we are reading for the very first time...

Let us dive into this ocean of knowledge and melt away our constructs, fragmenting us from the Absolute One...

Let us enter this portal, stripped from the falsity of our identities, and begin the enthralling journey from ourselves, to ourselves!

“... from the One we came, and to the One we shall return...” (Quran 2:156)

## Translator's Note on The Beautiful Names

“Call upon Allah or call upon the *Rahman*; whichever you call upon, to HU belongs the Most Beautiful Names.”<sup>1</sup>

“...In reality there is nothing in existence but His names”<sup>2</sup>

The Names of Allah, more commonly known as the Divine Names or the Most Beautiful Names, are the loci of manifestation. They are the attributes and relations through which Divine Self-disclosure occurs.

Everything derives its existence and originates from the meanings and structural qualities that are denoted by the Names of Allah; hence, the Names and their manifestations are our only means of knowing the reality of Allah.

Analogously, Muhammad (SAW) says “He who knows *himself* will know his *Rabb*”<sup>3</sup>. Since the Divine Names comprise the essence of all things, and the essence of all things is ultimately One, he who knows his essential self will consequently know the One.

In this short book, Ahmed Hulusi takes us down a long corridor with 99 doors and presents a key for each of these doors that opens to our essential core realities. He asserts

<sup>3</sup> The reality of the Names comprising his essence.

that each individual manifestation, and hence each person, is composed of a unique configuration of Divine Names. Whether we call upon the door *Allah* or the door *Rahman*, whichever door we walk through, they all lead to *HU*! The only condition being, the abandoning of the constructed illusory self!

If you are willing to give up your limited self to the Unlimited Self and discover the infinite quantum potential within, walk with Ahmed Hulusi through this enchanting corridor and start knocking... for as Rumi says:

“Knock, and He'll open the door  
Vanish, and He'll make you shine like the sun  
Fall, and He'll raise you to the heavens  
Become nothing, and He'll turn you into everything.”

## INTRODUCTORY INFORMATION TO UNDERSTANDING THE QURAN

The original script of this work you've picked up to **READ** is not a book comprising *the orders and commands of a God up in the heavens, who apparently revealed it to his postman-prophet on earth!*

It is the **Knowledge of Reality** and the **System** (*Sunnatullah*)<sup>4</sup> disclosed by the *Rabb* of the worlds (the source of the infinite meanings of the Names), from the dimensional depths to the consciousness of **Rasulullah**<sup>5</sup>, through the act of **revelation** (*irsal*)!

Let it be emphasized from the outset that...

**This book is neither a translation nor an interpretation of the Quran. It can never replace the Quran! It is merely an attempt to share one or two aspects of the multi-layered meanings of the Quran!**

This book is only a window looking at the Quran through the viewpoint endowed to Allah's servant, Ahmed Hulusi. Indeed, it is a reflection of only a part of the scene observed from this window!

---

<sup>4</sup> *Sunnatullah* denotes the laws and order of Allah, that is, the mechanics of the System and the laws that govern the manifested worlds.

<sup>5</sup> *Rasulullah* is the locus of Allah's knowledge, i.e. the focal point of the cosmos through which divine knowledge is expressed and disseminated.

The foundation of the viewpoint from this window is in accord with the following example:

When both eyes of a person are healthy and functional, the view is whole and clear. Those who don't have a full vision wear glasses or lenses. The **Quran** is like a lens bestowed by **Allah** so that one can obtain a clear and healthy vision of the two truths; the **Book of the Universe**, and the **System** (*Sunnatullah*), to **READ** them correctly.

In order to see the **Reality** as clear and one, we need the glasses of foresight (*basirah*) and knowledge, whereby the letter **B** comprises one lens, and the knowledge of the Absolute Self-sufficient One (*al-Ahad-us-Samad*) constitutes the other lens.

The former lens is the very first letter of the Quran; the letter **B**. Its meaning is revealed in Muhammad's (SAW) words "**The part is the same as the whole!**" which I have explained in consonance with the **Holographic Reality** in my book *The Observing One*. Every point perceived as a part or a unit in existence, contains the entire *al-Asma* (the Names) with their complete potentiality.

The latter lens, that is, the knowledge of the Absolute Self-Sufficient One, has been embedded at the end of the **Quran**, in the chapter *al-Ikhlās*.<sup>6</sup> It is the accentuation that the One denoted by the name **Allah** is **One** (*Ahad*) and **Absolute Self-Sufficient** (*Samad*). It is **HU!**<sup>7</sup> There is no 'other' than **HU!** *As-Samad* connotes '**Absolute Self-Sufficient ONENess to and from which nothing can be added or taken away.**'

If these two truths do not yield one view, **the soul of the Quran and the message it aims to give** can never be perceived correctly; the *reality* of the 'God up in the heavens and the prophet on earth' will never be known.

---

<sup>6</sup> *Al-Ikhlās*, literally means 'sincerity' in English, and is the name of the last and also the shortest chapter of the Quran.

<sup>7</sup> The Arabic word *HU*, though generally translated simply as 'He' is a reference made to the Absolute Essence as He Himself, His very Being, beyond description or comprehension, free of gender, superior to anything that can be conceptualized and far from any similitude whatsoever.

Indeed, this book endeavors to aid the reader to evaluate the signs of the Quran in the light of the One denoted by the name Allah, as the Absolute Self-Sufficient One.

As far as we are aware, there are no other works to the likes of this book. Many works have been produced conveying somewhat depthless and perhaps historical narrations of the Quran, rather than reflecting its actual message and soul. Most of these works employ such obscure language that it is no wonder many readers find it distasteful to read. Pedantic attempts to remain faithful to ‘word-for-word’ translations have reduced this **timeless literary masterpiece** into the misunderstood puzzle of our day.

Moreover, as you will see while reading it, this **literary masterpiece** frequently employs **various examples and metaphors** to explain the many truths contained within it, urging the reader to contemplate on their meanings... Sadly, however, the limited comprehension of the majority has taken these Quranic metaphors **literally** and rendered them as **laws**, fortifying their belief in a heavenly God, his messenger on earth and a heavenly book containing his decrees.

I am of the belief that if the essential idea can be duly reflected to the reader, people will have an exceedingly different approach and understanding of this supreme **knowledge**.

Due to this, before you start to **READ** it, I would like to share the principal message and some of the concepts of this **book – knowledge** according to my understanding.

The essential objective of the Quran is to aid the people to understand and get to know **the One denoted by** the name **Allah**, and to safeguard them against the God notion that leads to **duality** (*shirq*).

**While believing in an external God, no matter how far and beyond in space He may be, is an explicit advocacy of duality** (*shirq*), **fostering ideas that there are ‘other’ beings with power in existence aside or apart from Allah (including one’s ego) is an implicit promotion of duality.**

The **knowledge** (Book) that has descended to address **humanity** forewarns its evaluators with these words:

**“Those who support ‘duality’ (fragmenting existence; assuming there is a God AND there is everything ELSE) are contaminated!”**

**“Those who have not cleansed themselves of the contamination (of duality; the idea that there is a God and there is also me) shall not touch it (the knowledge – Quran... for they cannot understand it!)”**

**“Indeed, duality (assuming the existence of ‘others’ that are ‘apart’ from the One denoted by name Allah) is a grave atrocity!”**

**“Duality is the only offence that Allah will definitely not forgive; everything else may be forgiven if He wishes to!”**

Those who want to be free of **duality** are encouraged to believe in the One denoted by the name Allah.

The Quran explains the two stages of believing in Allah as:

- A) **To believe in Allah** (including faith in Allah with duality)
- B) **To believe in Allah in accord with the meaning of the letter ‘B’.**

The former elucidates the need to cleanse from the **explicit** notion of **duality** resulting from the illusion of an **external God**.

The latter, entails the pure belief that is free of even **implicit duality** which is the covert tendency of doing *shirq* by **equating one’s ego or assumed self to one’s Rabb** (the *al-Asma*, i.e. the Reality of the Names that constitute one’s essential Reality).

Let us see how the paramount **knowledge of reality** revealed through **Sufism** (*tasawwuf*), to which many people scoff at, explains the misconception of **implicit duality** and how this topic is covered in the **Quran**:

This is directly from Hamdi Yazir’s<sup>8</sup> translation. Notice that the verse isn’t addressing the past, but it is talking directly to Rasulullah Muhammad (SAW) about the faith of the people around him at that time:

---

<sup>8</sup> The International Sahih translation has been used here.

*“That is from the news of the unseen which We reveal, [O Muhammad], to you. And you were not with them when they put together their plan while they conspired.*

*And most of the people, although you strive [for it], are not believers.*

*And you do not ask of them for it any payment. It is not except a reminder to the worlds.*

*And how many a sign within the heavens and earth do they pass over while they, therefrom, are turning away.*

*And most of them believe not in Allah except while they associate others with Him.”* (Quran 12:102-107)

Now, let’s remember the very important verse and warning that made me write the book *Mind and Faith* – Chapter 4 (*Nisa*), 136<sup>th</sup> verse is revealed to Muhammad (SAW) and is in reference to the believers around him:

**‘O you who have believed; *Aminu B’illahi*’** That is, **‘O you have believed, believe in Allah in accord with the meaning of the B sign.’**

What does this mean?

It means: **Among all the worlds that are constituted by the meanings of the names of Allah, your reality, existence, and being also comprise the Names of Allah. Your *Rabb*, your very Reality is the *al-Asma* (the Names). Therefore, neither you nor anything else around you is anything other than the manifestations of these Names. So do not be of those who fail to see this non-dual reality, and who give a separate existence to things (like God) they believe is ‘other’ than Allah. Such duality will only result in burning, both in this life and the next.**

However, the 8th verse of the 2<sup>nd</sup> Chapter (*Baqarah*) asserts the inability of the masses to conceive such truths as their manifestation (as the composition of the Names) is not as intellectuals:

**“And of the people are some who say, ‘We believe in Allah (in accord with the meaning of the B sign) and the Last Day,’ but they are not believers (in accord with the meaning of the B sign).”**

Hence, dismissing the eminent meaning entailed by the letter **B** simply as ‘implicit duality’ and not giving it the attention it deserves, has inevitable spawned the ‘*God up in the heavens, and me on earth*’ misconception, resulting at the point it has come to today.

Whereas...

The invalidity of duality has been made evident right from the very first letter; the letter **B**, of the first verse (chapter) called the ‘*Basmalah*.’ This truth, concealed by many Quran scholars due to the conditionings they receive throughout their training, was first made apparent by Hadhrat **Ali** approximately 1400 years ago.

Hadhrat Ali, the zenith of sainthood, pointed to this truth, considered to be a secret in his time, with his words:

*“The secret of the Quran is in al-Fatiha (the opening chapter), the secret of al-Fatiha is in the B-ismillah, and the secret of the B-ismillah is in the letter B (ب). I am the POINT beneath the ‘B’ (ب)!”*

This truth to which Hadhrat **Ali** was pointing, plays a key role in the Quran as a symbol of warning, initially encountered as the letter **B**, the first letter of the first verse ‘*B-ismillah*’, and then throughout the whole Quran.

The late Hamdi Yazir, in his *Interpretation of the Quran*; Ahmed Avni Konuk, in his construal of the *Fusus-al Hikam (The Bezels of Wisdom)* by Ibn Arabi) and Abdulaziz Majdi Tolun, in his commentary on *Insan-i Kamil (The Perfect Man)* have all given adequate warnings about this truth.

I, too, to the best of my capability, tried to evaluate the verses of this divine book in the light of this truth; taking into special consideration where the letter **B** has been used and what meaning it entails in this particular position.

The verse ‘*B-ismillah*’ emphasizes the importance of **READING** the **Quran** with the awareness of the meanings implied by the letter **B**. The letter **B** points to the reality that, all joy or grief that is experienced by one, result from one’s own inner reality, in accordance to the meanings projected from one’s essence. The letter **B** tells us that one’s experience of heaven or hell **is the direct result of one’s actions**; that is, what manifests through one is based on the

**Names** that are inherent within them. Thus '**B-ismillah**' is repeated at the beginning of every chapter, reminding us of this truth.

According to my understanding, '**B-ismillahirrahmanirrahim**' is a chapter in itself.

It is impossible to understand the **Quran**, without first comprehending the purpose, indicated by the Absolute Reality the name **Allah** denotes, which is based on the Quran itself, and the teachings of the most magnificent human to have ever lived on earth, **Muhammad Mustapha (SAW)**.

If this purpose is not recognized, the wrong approaches will be taken towards the Quran; as if it were a history book, a good virtue book, a social order book, or a book containing the knowledge of the universe, etc.

Whereas, the most prominent truth that stands out to the **READer** who has no prejudice or preconditions, are the **hints that enable one to abandon the dual view**, and the teachings of the ways in which the consciousness can be cleansed towards this reality. Humans, because of the way they have been created, are immortal beings! **They only taste death** and, by constantly experiencing new realms of existence (*ba'th*), they go on to live an eternal life!

Death is the doomsday of the person, where the veil of the body is lifted and the person observes their own reality, and then begins to live the consequences of how much they were able to use this reality during their earthly life. As you **READ** you will see the various depictions of this throughout the book.

Hence...

Humans must know and understand their own reality and live their life accordingly, so they can use the **potential** arising from their **Reality** and earn **heavenly** life... that is, of course, if their **Rabb (the Names that comprise their essence)** has enabled them to! The act of turning towards one's Rabb, should not be an external turn, but an internal one towards one's own Reality, which is what praying (*salat*) is – an inward turn towards one's own essence.

At this point we must take heed of the following:

According to my understanding (and as I tried to elucidate in my book *Renew Yourself* the structure I refer to as the ‘universe within universes’, in respect of its reality, is a **multidimensional single frame picture**, or, a ‘**singular holographic knowledge – an ocean of energy**’ with all its dimensions. The whole of this ocean is contained in each of its drops. It is the quantum potential! As **Rasulullah** (SAW) declared with his words: “**The part mirrors the whole!**”

As I have tried to explain in detail in my book *Muhammad’s Allah* there is no ‘**other**’ (concept, content, or form) in existence that can be likened or equated in any way to the One denoted by the name **ALLAH**.

Due to this reality, all enlightened beings extending from the contemplation and observation chain of Hadhrat Ali and Hadhrat **Abu Bakr**, who was referenced in the Quran as ‘**the second of the two**’ have all confirmed the same reality: “**There is only Allah, and nothing else!**” This is why observing and evaluating His universal perfection (*hamd*) **belongs** only to **Allah!** As there is no other, Allah is the evaluator of Himself!

**Duality** is an invalid and **illusory** notion!

Mankind arrives at this erroneous judgment with their **illusions**, becoming veiled (*kufir*) to the **true Unity behind the misperception of multiplicity!** Consequently, people live their lives believing themselves to be **only the material body** which will eventually die and be cast away to nonexistence or they assume the existence of an exterior God, whether up in the heavens or within the self (*shirq*)!

Whereas according to the **people of Allah**, who base their views on the **Quran** and **Rasulullah**, the core of the matter is:

‘**HU,** other than whom nothing exists, observes His knowledge, with His knowledge, i.e. the properties (quantum potential) denoted by the Beautiful Names (*al-Asma al-Husna*), in His knowledge (the dimension of knowledge)... This act of observing has neither beginning nor end. **HU** is beyond being conditioned or limited by what He observes (i.e. **HU** is *Ghani* from the worlds.)

Hence, **all the worlds and everything they comprise**, which were all once **nonexistent** have become **existent** with the qualities of the **Names**, via this act of **observing!**

All things in the conceptual world are like the manifestations of the various compositions of the **Names of Allah**, shortly referred to as **the Names** (*al-Asma*). Just like how the approximately 100 hundred atoms comprise the whole of the material world with all its countless forms and beings.

Perhaps we can even say, the timeless, non-local quantum potential is **observing** itself from the point of view of the Names. Hadhrat **Ali**'s WARNING, "**Knowledge was a single point, but the ignorant have multiplied it**" denotes the reality that the **quantum potential** is a single **point**, which manifests into the perceived according to the perceiver, whereby these perceivers are the **ignorant**.

Albeit the **Beautiful Names** have generally been taught to be 99 in the broad sense, in respect of their details they are infinite.

All perceivable and non-perceivable things are made up of these **qualities that are denoted by the Names** (of Allah); hence, this act of creation has been referred to as '**the Rabb of the Worlds.**' The word '**Rabb**' is the **Name-composition** that constitutes the perceived individual.

The phrase '**bi-izni Rabb**' which literally means 'with the permission of **Rabb**' refers to the **suitability of the Name-composition to that particular situation**.

The phrase '**bi-iznillah**' which means 'with the permission of Allah' can denote either of two meanings, depending on its context. That is, it either refers to the **suitability and appropriateness of the Name-composition to the purpose of creation of the worlds**, or the **suitability of the Name-composition to the purpose of the individual's existence**. As there is no 'other' *Uluhiyyah* but the **ONE**.

Due to this **ONENess**, the **Quran** emphasizes the concept of **consequence** (*jaza*) and reinforces that all individuals will live the **consequences** of the behaviors that result from them. This is why there is a reiteration of the fact that '**each will live the consequences**

of his or her actions, for there is no God that oppresses and punishes' throughout the Quran.

The meaning of '**all individuals will be given their due rights**' means, whatever is necessary for the fulfillment of the individual's **purpose of existence** will be given accordingly.

*Taqwa* is generally understood as **protection** or '**to be protected from the wrath of Allah.**' What this alludes to in fact is the protection one should take to avoid engaging in the behaviors that may result in the unfavorable expressions of the Names with which they have been created, as everyone will inevitably live the consequences of their own doings.

As I said, the **Quran** is not literally a written book sent down from God above to his postman-prophet on earth via certain intermediary beings. **It is the KNOWLEDGE of the Reality and the System (Sunnatullah), revealed (dimensionally) to his consciousness, from his Rabb, that is, the Names comprising his essential reality.**

**In the view of the enlightened ones the Quran is a 'confirmation' in the appearance of a 'proposal.'**

**The BOOK alludes to the KNOWLEDGE pertaining to the Reality and the System (Sunnatullah).**

In terms of being the **Knowledge of Reality** it reveals the **Reality** of everything, both perceivable and unperceivable. In terms of being the **Knowledge of the System (Sunnatullah)** it explains **the mechanics of the System and the Order of the dimensions in which individual beings will forever reside.**

A **human** is a **vicegerent** on earth. This can be understood both as the planet and as the body. For human is beyond a mere body, and once a human leaves the body, an indefinite continual of existence will go on through various forms of resurrections (*ba'th*).

**All of the proposals that are made to humans are aimed at enabling them to know their true selves in the light of their Reality and to live the requirements of this, discovering and using their intrinsic qualities. All of the prohibitions, on the other hand, are essentially to prevent humans from being**

**deluded into thinking they are their physical body, and hence, squandering the potential given to them on egoistic, bodily pleasures that will have no meaning after they taste death. As their current potential has been given to discover their Reality and attain the beauty of both this life and the next.**

If this work aids in a better evaluation of the **Quran**, I confess my inability to duly give thanks for such a blessing. My works are the compulsory requirement of my servanthood. Success is only with Allah's favor and blessing! I also apologize for my inadequacies and mistakes. For it is impossible for a servant to deservedly evaluate the words of Allah!

## AN IMPORTANT NOTE ABOUT UNDERSTANDING ‘DECODING THE QURAN’

The Quran is the **knowledge** (book) revealed by the *presence of Allah*. No words or literal concepts pertaining to the ‘presence of Allah’ can be valid. Perhaps we may refer to the original of the Quran as being written in the language of **Allah**. For, if (as the Arab polytheists claimed) Muhammad (SAW) had written the Quran, then we could have said the Quran has been originally written in the Arabic language!

**Whereas the Quran, originally in the language of Allah, was revealed by the angel Gabriel, to Muhammad (SAW), in his own language, Arabic, so that the people of that region can understand its message.**

The Quran refers to this truth with the verse:

**“And We did not send any Rasul except [speaking] in the language of his people to state clearly for them, and Allah [thereby] sends astray whom He wills and guides whom He wills. And He is *al-Aziz, al-Hakim*.”** (Quran 14:4)<sup>9</sup>

As the Quran, **originally in the language of Allah**, has been revealed in the very rich language of Arabic, it exposes different

---

<sup>9</sup> The Sahih International Quran.

levels of knowledge to different levels of understanding. Each verse, in respect of the metaphors and allegories it contains, signifies a various number of meanings.

Due to this profound depth contained in the original Quran that has been revealed to us in Arabic, it is impossible to duly and comprehensively translate (and interpret) this magnificent book into another language!

All translations and interpretations are limited by the knowledge and understanding of the translator's vocabulary. Hence, all such works are like excerpts from this magnificent source of knowledge.

At this point I'd like to draw your attention to an important detail.

Many Sufi scholars, also considered to be 'Saints', from Haji Baktash Waliyy to Muhyiddin ibn al-Arabi, spoke **flawless Arabic** and arrived at the same understanding based on the knowledge they gained from the Quran... On the other hand, followers of orders such as **Wahhabism**, who consider Muhyiddin ibn al-Arabi and the Sufi tradition to be blasphemous, *also* possess an **immaculate understanding of the Arabic language** and arrive at their judgment based on the *same* Quran.

Think about it!

*How* did the eminent scholars and saints, who had profound knowledge of the Arabic language, such as Abdul Qadir Jilani, Imam Ghazali, Sheikh Naqshbandi, Abdul Karim al-Jili, Syed Ahmad Rufai and Imam Rabbani, understand and apply the Quran? And how others, who also speak perfect Arabic and who claim these saints are **blasphemous** (*kafir*), have arrived at *their* understanding of a God, who *apparently* has hands and feet, who sits on a throne in heaven, and sends books down to Earth to guide humanity!?

Sadly, many of the current translations of the Quran, especially the English ones, have been translated based on this latter understanding, while only a *rare few* works have been done in the light of the former approach.

This *Key to the Quran* may perhaps be considered more as a **figurative interpretation**. As far as I am aware it is the first of its kind in Turkey. It can never be considered to contain all of the

meanings of the Quran. According to my observation, it may only be considered as reflecting only one of the many facets of this noble book. Another construal could have also been done, if it was desired, exposing other facets of the Quran.

**Due to this reason, NO translation or interpretation of the Quran could be referred to as the 'Turkish Quran' or the 'English Quran'. One should read these books with the awareness that they are only vehicles to help one understand the Quran.**

## DECODING THE QURAN

The world has entered the Age of Aquarius declaring: **The time for renewal is upon us!**

Heeding this announcement, I too have renewed my outlook on the Quran, and have begun to approach it with a totally new understanding!

The warning in this **miraculous Book of Knowledge**, “**You say you follow in the footsteps of your forefathers, but what if your forefathers were on the wrong path?**” compelled me to re-evaluate the Quran from the very beginning with a completely new outlook.

**Religion** has become contaminated with outdated interpretations of the past and degenerated with stories from the corrupted version of the Old Testament, further reducing and simplifying it for the masses to understand. I knew beyond doubt that the reality of religion could only be reached through the correct understanding of the Quran.

So, on the 15<sup>th</sup> night of the month of Ramadan, I commenced my mission to decipher and share this knowledge with my brothers and sisters. I thoroughly studied the Quran in light of the well heeded guidance of eminent saints and scholars, such as Abdul Qadir Jilani, Muhyiddin ibn al-Arabi, Imam Rabbani, Ahmad Rufai, and Imam

Ghazali (may Allah's peace and blessing be upon them all). Thankfully, committing 15-18 hours a day, I was able to complete my study in 120 days. Thus emerged the understanding of the **Quranic verses** in respect of the meaning of the letter **B**.

Since the Quran addresses **the whole of humanity throughout all ages as guidance to the truth**, this particular construal has been done in the light of the realities of today, the modern age.

It is an explanation of why certain incidents that took place thousands of years ago, the details of which are unknown, have been narrated time and time again reaching us today, and possibly even the generations to come.

Most importantly, it employs a holistic approach to the seemingly disconnected events, laws, edicts and *commands of God*, **integrating** this miraculous **knowledge**, to define just *how* and *why* it is a concern to **humans**.

Let us now delineate our findings, some of which have been included in our work.

The Quran has come to man to inform them of the reality of their essence and what they will be faced with in the future, so they can observe certain practices and abstain from others accordingly.

What is the reality of **a human being**? Why did the Quran come to **remind – invoke** (*dhikr*) mankind of their reality?

The answers to these questions, along with how **man** should understand the One denoted by the name **Allah**, are the most important and prominent topics covered in the Quran.

Let me approach this with the method of the Quran and explain with a parable. Think of a baby who is placed in a car at the time of birth and is brought up in this car until he is 40 years of age, never once leaving the vehicle. Until he is 40 years old he is consistently programmed with the conditioning "*you are this vehicle*", such that by this age he has absolute and doubtless belief in it. Imagine now, he is told, at the age of 40: "**You are not this vehicle, you are a human being, get out of this vehicle and be free!**" But alas! He has come to see the steering wheel, the gearstick, and the gas and brake pedals as his very organs! How, at this point, can he be 'reminded'

of the reality that he is not this vehicle, but that he is a ‘human being’ who can live independently of this vehicle?

He must first believe in what is being told, and then he must follow the instructions that are given to him so he can be emancipated...

As I have tried to explain with this simple example, **Humans** are beings with pure universal **consciousness** who have opened their eyes in an **earthly** body, operated by an individual **consciousness**!

Their self, the **consciousness** that is the **Universal Intellect** (*Aql-i kull*), has become veiled during the course their life, and **human beings** began to think they are merely the decomposable biological body they occupy.

Thus it became imperative to *remind* **them** of their reality! That is, that they are not the decomposable biological body in which they are temporarily residing, but an ethereal being! A being that will **change dimensions, level by level**, *realizing its angelic properties*<sup>10</sup> with which it will experience the realm of paradise!

This is why Rasuls were manifested to remind (warn) *earthlings* of their **human** qualities. So that, **humans**, aware of their essential reality, can prepare themselves accordingly for the infinite existence awaiting them after their biological bodies return to the earth.

As for those who lack **human** qualities, they will deny their reality (*kafir*) and live their lives driven by their earthly and bodily desires, deprived of the expressions of pure consciousness. Consequently, they will continue their indefinite existence **fully aware** in the state described as **hell**.

Everything that has emerged from **nothingness** into this realm of multiplicity derives its **existence** from, and functions with the **Names of Allah**. As such, in respect of pure **consciousness**, **humans** who become aware of and live according to this reality are termed **vicegerents**.

The Quran refers to such blessed souls as the ‘**living**’ and ‘**seeing**’ ones. While contrarily, those who fail to recognize or deny their reality, are referred to as the ‘**non-living**’ and ‘**blind**’ ones.

---

<sup>10</sup> Quran 84:19

Humans who recognize and live accordingly to their reality, possess **angelic** properties in terms of the essence of pure **consciousness**. **Such humans are essentially comprised of the properties denoted by Allah's names.** As they manifest the meanings of these Names, in ways befitting true humans, the state referred to as **heaven** occurs. In other words, heaven is not an abode for *mere earthlings*, but a state of life for **humans** whose **angelic** qualities can become manifest. I earnestly hope this point is understood well.

*All examples and events that are narrated* in the Quran are for the sole purpose of enabling **humans** to remember their essential reality, to *know* themselves, and hence to make better use of their current lives.

One of the most important things that deserves attention in regards to the style of the Quran is:

Everything, that is, **the heavens, the earth and everything in between**, is formed by the properties known as the **Names of Allah**. Hence, all perceivable and unperceivable things are invoking (calling upon) the One denoted by the Name Allah, by means of their life and function. Therefore, everything, with its natural disposition, is in a state of **servitude to the qualities of the Names** that comprise its existence, i.e. to Allah.

Due to this, the word 'WE' is used frequently in the Quran, emphasizing the reality that just as **the 'meaning' aspect of creation has been created with the Names** the **'action' aspect of creation also comes about with the properties of the Names.**

Thus, by saying 'WE', the actions arising from the seeming multiplicities are actually being referred to their rightful owner.

'The *Rabb* of the Worlds' (*Rabbul Alameen*) refers both to the existence comprised of the Names and the actual Names comprising it.

This being the case, the structural properties of the pre-eternal Names and their expressions, i.e. the cosmos, are in no other state but that of absolute servitude to Allah. Creation is in a constant act of invoking and remembering Allah, displaying Allah's knowledge and power, at all times. Allah informing mankind about this reality is

nothing other than a confirmation. This is why Allah says ‘WE’ when referring to the Names.

This being said, in order to prevent one from conditioning or limiting Him with these meanings, the warning that **His Absolute Essence** (*dhat*) is ‘**beyond and free (ghani) from the worlds**’ is frequently made. Nothing in existence can be likened to or define His Absolute Essence.

This also means, **His ‘governance of the worlds’ is through the paths of each of His Names, whether these Names manifest under the name of astrology, or as the known and unknown life forms within the cosmos; whether one calls it consciousness, or forms of consciousness, invisible beings, or heaven and hell, all dimensions of existence are various ways of His governance.**

As for the real meaning of polytheism or **duality** (*shirq*): one who fails to recognize the One denoted by the name Allah in all that is implicit and explicit (within the self and in the outer world) **as the manifestations of the Names** is defined as a polytheist or a dualist<sup>11</sup> in the Quran. In other words, assuming a separate and equal<sup>11</sup> existence to the manifestations of Allah’s Names is an act of fragmenting the Oneness of reality, and hence an act of advocating duality (*shirq*). That is to say, it is an act of committing *shirq* (assuming a separate existence) with the Names, to the Names.

As can be understood from above, Allah, who in respect of **His Absolute Essence** is **free from concepts such as duality and non-duality**, defines *shirq* to be a failure to recognize the true nature of existence. That is, when one fails to see that everything in manifestation is essentially comprised of the Names, one is assuming an equivalent existence to the Names, and this goes against the reality of non-duality. Hence, such a person falls short of truly understanding Allah and goes on living in an illusory world in his imagination.

---

<sup>11</sup> The original word that is used in the Quran is *min dooni Allahi* which means ‘as equal’ or ‘equivalent to’ referring to an existence that is ‘other’ than Allah. Whereas, Allah affirms that no other form of existence can be found outside of Allah as Allah encompasses the whole of existence. Thus, negating any possibility of the equivalence of other gods, lords, etc, the Quran uses the word *min dooni Allahi*.

**Denial** (*kufir*) on the other hand, rests upon the false belief that none is governing the individualized consciousness other than itself. Restricting the infinite consciousness to an individualized manifestation by calling it ‘**I**’ is a grave insult and limitation to the infinite qualities of the Names, which cannot be confined to a mere physical body. Such an attempt is termed denial (*kufir*) and is said to be going against the infinite qualities of the Reality of the Self, at least in terms of **faith**. Continual attempts in this way eventually lead one to confine the Self to the physical body alone, paving the path to pursuing a life of bodily pleasures, and adopting the view that **death** is *extinction* rather than a change of abode.

**Hypocrisy** is the lowest and densest state of the bodily life. A hypocrite (*munafiq*) is one who chooses not only to deny the Reality but also to take advantage of the believers for material benefits by *imitating* them! While even a dog approaches his owner for food with true sincerity and loyalty, a hypocrite lacks genuine intent and approaches others only with vested interests. The result upon realizing the truth of the matter is indefinite burning and no compensation.

**Faith** (*iman*) is the realization of consciousness, through the intellect, i.e. through analysis of various data, that beyond the seeming reality of forms and concepts lies infinity and it is this infinity that must be sought after. It is to know the ‘I’ness as consciousness, which cannot be confined into a material form, and to strive in this path. The hadith “**He who lives by ‘La ilaha illallah’,<sup>12</sup> will assuredly enter heaven**” points to this truth. This is applicable for those who have not encountered a Rasul. Those who have encountered a Rasul, whether by person or by teaching, are bound to believe in the **Rabb of the Worlds** (the source of the infinite meanings of the Names), or **Allah**, in accordance to the teachings of the Rasul, by having faith in the Rasul.

I say “having faith in the Rasul” because by appearance a Rasul is also an earthling with a physical body, there is no apparent difference between a Rasul and other humans. Yet the difference lies in that a Rasul is the articulation of the Reality, which cannot be seen

---

<sup>12</sup> “There is no God. There is only Allah.”

with the physical eyes but initially experienced only through having faith.

The Quran explains **faith in the One denoted by the name Allah** as being in two stages. The first stage pertains to an ‘external’ creator beyond the reach of individual consciousness, that is, a creator or ‘the dimension of the Names’ comprising infinite and illimitable qualities. This is the faith shared by the majority of believers, and in terms of its proceeds, enables one to live a life bearing a paradisiacal state of existence. The second stage applies to believers with a truly enlightened heart and who have reached the essence of faith. This is the faith implied by the letter **B**, which points to the truth that the reality of the **Self** is the qualities of the **Names**, and these qualities are and forever will manifest themselves. Hence, it calls the believer to awaken to the reality that through his own acts he is at all times invoking and serving Allah, and as such, observing and evaluating the universal perfection of Allah on worldly forms (*Hamd*) manifested by the name *al-Waliyy* **in his own being** (*bi-Hamdih*).

‘**To believe in the angels**’ means to have ‘faith in the potentials’ arising from the Names. In other words, **angels** signify the various potentials that arise during the process of the Names becoming activated from their dormant states. Since what has come to be known as the world of multiplicity essentially comprises individualized manifestations of various Names, the higher (subtler) state of everything in existence is **angelic** (*malakiyyah*)... The difference lies not in whether this is present or not, but in whether this reality is recognized or at least, believed in or not. One who accepts himself only as an earthling through individual consciousness and who lacks **faith** will have grave difficulty recognizing and accepting this truth.

‘**To believe in the Books-Knowledge**’ is to have faith in the **knowledge** of Reality and the mechanics of the system - *Sunnatullah* imparted by the Rasuls and Nabis via a process known as **revelation**, that being the dimensional transferal (emergence) of this knowledge through pure consciousness.

**Rasuls** are the enlightened ones who acquire the Knowledge of Reality through pure consciousness (without the influence of their

personal consciousness) from the Names and angelic potentials in their essence via **revelation** and who communicate these truths at the level of consciousness.

To believe in the **afterlife**, or an eternal life, is to know with conviction that the Self will not become extinct after losing its body during death, but that **death** is also an experiential reality. That is, when the physical-biological body is omitted a process called resurrection (*ba'th*) will take place, during which one will pass to another dimension of life with the **spirit body**, shared by other invisible beings and eventually continue its life in either of two dimensions known by various names.

When the letter **B** is used as a prefix to a word in regards to having faith, such as 'to believe in the hereafter' (*bil-akhira*) or afterlife, it points to the various stages of development the **Self** will indefinitely go through<sup>13</sup> in pursuit of self-actualization.

The concept of '**protection**' (*taqwa*) or '**to have fear of Allah**' is also generally misunderstood. Since the name Allah does not refer to an external God, the real reference is made to the Names and their governance. Allah created the worlds with the Names and governs it with the System known as *Sunnatullah*. The one law that most absolutely applies here is that of the Name *al-Hasib* inherent in one's '**Name composition**', whereby one's experience of their latter stage is a result of their former stage. Simply put, whatever behavior one has at any given time whether it is an action or a thought, one will inescapably live its consequence at some point in their life. This has been expressed as '**the One who is swift at reckoning**' (*sari-ul-hisab*) and '**the One who responds to wrongdoing with severe punishment**' (*shadid-ul-ikab*).

Therefore, living in a system with caution and prudence has been termed as 'fearing Allah' or as 'protection' (*taqwa*). Since '**Sunnatullah = the System and mechanics of Allah**' is essentially the manifestation of the Names of Allah, it is not incorrect to refer to this as 'fear and protection from Allah' after all. As such, an act of ungratefulness to any being is an act of ungratefulness to Allah, and its consequence will be lived accordingly! This process is known as

---

<sup>13</sup> Quran 84:19

‘*jaza*’ (consequence). Hence, *jaza* is not really the result or punishment but the *automatic experience* of the *consequence* of an act.

The Quran invites its readers to contemplate through its innumerable parables and metaphors, all to remind (*dhikr*) humans of their own reality.

Unfortunately, due to the conditions of time and place, and the comprehension levels of the people, the examples that can be given are not many. Due to this, the limited number of objects that people do know of has been associated with various meanings over time, such that the same word has been used to refer to different things in different times, or to different specifications of the same thing. For example, while the Arabic word ‘*sama*’ is seldom used to refer to the ‘sky’ or ‘space’ it is more commonly used in reference to the ‘states of consciousness’ or the ‘intellectual activity in one’s consciousness.’ Another example is the word ‘*ardh*’. While infrequently used to refer to the earth, it is generally used to refer to the ‘human body.’ The human body is also denoted by other words such as ‘*an’am*’ which means ‘domestic animal’ referring to the animalistic nature of mankind, i.e. eat, drink, sleep, sex etc., and ‘*dabbah*’ which refers to the material and earthly make-up of the biological body. The word ‘*shaytan*’ (satan) has been used to connote mankind’s tendency to reduce and limit their boundless consciousness, in respect of their essential Name composition, to the base bodily state. The word ‘**mountain**’ is also seldom used to denote what it actually means; while it is more commonly employed to imply the ‘ego’, the ‘I’ or ‘I’ness. Also, when the word ‘*ardh*’ is used in reference to the ‘**body**’, the word ‘**mountain**’ is seen to denote the ‘**organs**’ of the body. For example, the verse ‘**the mountains walk but you perceive them to be still**’ indicates the constant activity and renewal of our interior organs, which seem to be fixed like the mountains on earth.

The word ‘*zawj*’ is also used in various contexts to mean different things. While its most common usage is to mean ‘**partner in marriage**’ it has also been seen to be used in the context of consciousness implying the partner or **equivalent of consciousness and the body that will fall into disuse at some point**. In fact, the 7<sup>th</sup> verse of

chapter 56, *al-Waqi'ah*, states '*azwajan thalathah*' to mean **'three kinds'** not three wives!

If we evaluate the words of the Quran in a constricted literal sense and in reference to only one meaning, we will not only be doing grave injustice but also paving the pathway to the primitive belief that it is an obscure and inconceivable Godly book of commands!

Whereas the Quran is the articulation, through revelation, of the *Rabb* of the worlds (the source of the infinite meanings of the Names), giving us the knowledge about the system by which the implicit qualities of the Names manifest to create the explicit world. This is what **'religion'** is!

**Man**, in other words **'pure consciousness'**, is the *personified* Quran. Earthlings who believe themselves to be no more than their physical bodies have been called 'human beings' due to this universal consciousness present in their innermost essence. When units of consciousness (in earthly bodies) refuse to have faith in this, they are denying their innermost essence and reducing themselves to mere material existence. Hence, the Quran describes such people as **'they are like cattle, nay, they are even more astray (from being a human) in their way'**.<sup>14</sup> In other words, only the animalistic appetites of their physical bodies drive their lives. They deny the magnificent and superior qualities of their own reality and function only with the stimuli of the neurons in their intestines (the second brain), thereby reducing their lives to the animal – bodily state.

As for the frequent narrations of the lives and examples of Rasuls and Nabis in the Quran... All of these are also **examples of possible intellectual or physical errors humankind are prone to and should be cautioned against**. Nevertheless, such incidents have been lived by every human population of every century in one way or another!

In regards to the creation of Adam, the Quran says: **'Indeed, the example of Jesus to Allah is like that of Adam'**.<sup>15</sup> That is, in terms of his physical body, Adam was also born from a mother's womb. His body also went through all the common biological stages of

---

<sup>14</sup> Quran 25:44

<sup>15</sup> Quran 3:59

development. This has been explained through various metaphors. Besides all of this, however, what is really meant by ‘Adam’ is a human who has **consciously** recognized and accepted **all of the meanings of the Names** and thus deserved the title ‘**vicegerent**’. This is what truly matters. All the rest are details and probably even unnecessary, as it doesn’t really matter from where and how the material body, which will eventually decompose back into simple matter under the earth, came about. Certain symbols and metaphors have been employed to imply his biological aspect was created from the earth’s atomic constituent, like all other earthlings, but his biological body is of no relevance to what is really being denoted by this name. ‘**Adam**’, is ‘**pure consciousness**’, **formed from nothingness**, and composed of (‘*ja’ala*’ not ‘*khaleqa*’) the qualities of the Names and designated as a ‘vicegerent’ (*khalifa*) on earth. It is a shame that many fail to understand this reality and spend their lives arguing over the creation process of his mortal biological body!

The satanic being referred to as ‘**Iblis**’ has an interesting story. Iblis, while essentially a Name composition comprised of angelic qualities, displays an inadequate expression of the Names *al-Waliyy*, *al-Mumin* and *al-Hadi*. Due to his own inadequacy, he fails to recognize how profoundly the Names are manifested on the creation of supreme form (‘*ahsani takwim*’). Hence, he evaluates Adam according to his apparent qualities and fails to see his superiority in terms of the Names and their expressions. Moreover, he assumes that accepting the superiority of Adam over his own creation will mean denying his own reality, since he too is created with and from the Names, and thus he refrains from prostrating. Evidently, **it is impossible for one to evaluate a quality that he himself lacks**.

Eventually this leads to pure consciousness in the form of Adam approaching the forbidden tree, i.e. becoming restricted by the requisites of the bodily life. This is also an interesting anecdote. *Satan convinces Adam to the ‘wrong’ according to his own ‘right’*, imposing the idea: “You have been created with the Reality of the Names, you cannot be restricted or conditioned by anything, you should do as you wish. If you don’t eat from the forbidden tree, that is, if you don’t live the requirements of the bodily life, you would be accepting limitation and thus denying your essential reality, thereby depriving yourself of immortality!”

Consequently, humanity at the level of the Inspiring Self (*nafs-i mulhima*), symbolized with the name Adam, becomes veiled from the **higher states of pure consciousness**, and falls to the bodily state of the Commanding Self (*nafs-i ammarah*), becoming conditioned by bodily needs. When this reaches the ultimate point of forgetting their own essence, the reminders and imparters of reality, i.e. Rasuls, become manifest, inviting mankind back to their essence, back to having **faith** in the higher states of **consciousness**.

When human beings, who are manifestations of Universal Pure Consciousness, begin to experience themselves as individualized conscious beings in this physical body, the struggle of this relationship with their ‘partner’ (body) and the battle to go back to their essential reality commences.

In short:

There are two types of consciousness. The first is the manifestation of the Names as a whole, to observe itself through the appearance of individualized compositions. This is the Universal Pure Consciousness. The second kind is the individual consciousness of each manifestation, formed by genetic inheritances, environmental conditionings and astrological influences. For the purpose of clarity in this book, we will refer to the second kind as ‘consciousness’ to avoid confusion. Consciousness is an output of the brain and hence confines itself to comprise only the body (humanoid). Consciousness uses the mind to evaluate ideas and to live accordingly. But the mind, pressured by the body’s biological make-up, often malfunctions. As such, it is near impossible for the mind to find the Reality all on its own. Furthermore, the mind makes judgments based on sensory perception. This is why the mind is invited to ‘believe’, to have ‘**faith**’ in what lies beyond its area of perception. For, the reality ‘beyond’ matter encompasses matter.

While the stories of **Abraham** (SAW) caution us from idolizing and deifying our exterior and interior faculties, i.e., the body and its components, the narrations about **Lot** (SAW) give examples of the felonious lives led by those who were captives of their bodily demands and sexuality. In the case of **Moses** (SAW) on the other hand, the emphasis is on the Pharaoh’s claim to be God, warning us

from the grave danger we may encounter in pursuit of getting to know our true selves.

When the fruit of reality manifests in one's consciousness, no matter how essentially true it may be to claim 'I am the Reality', it is ultimately only one compositional reflection of the infinite Names that compose one's essence! The whole of manifestation comprises the **compositional Name qualities**. Thus, even though by 'essence' everything obtains its life force from 'Allah' and everything is the 'Reality' **they are not the 'Rabb of the Worlds'** (the source of the infinite meanings of the Names), **that is, nothing that has become manifest in the apparent cosmos can be the 'source' and 'discloser' of the infinite and illimitable Names!** Nothing that has become manifest can be the '*Rabb*' of other manifestations. Hence, the Pharaoh encountered what he did because of his ignorance to this truth. All those who aspire to attain and live the reality go through this perilous state, known in Sufism as the station of the Inspiring Self (*nafs-i mulhima*)! Resultantly, just when one is a step away from the Reality, one becomes seized by the idea with which Satan infused Adam: "Do not restrict yourself! Do as you wish, become limitless!", and falls into the dense and base pit of the bodily state, the station of the Commanding Self (*nafs-i ammarah*). This is why the Quran repeatedly narrates the story of Moses (SAW) and the Pharaoh.

The event known as **doomsday** (*qiyamah*) points to the **various experiences of one's consciousness during the process of death**. The imminent doomsday is one's personal death. For, with death, an unchangeable state of existence known as the afterlife commences. The global doomsday has been awaited for approximately 1400 years now, whereas all that has been said in reference to doomsday has direct pertinence to one's own death. While everyone has their own Savior (*Mahdi*), Antichrist (*Dajjal*) and Jesus (*Isa*), and is subject to the activities symbolized by these names throughout their whole lifetime, people ignorantly think 'doomsday' is only a galactic event involving the end of our solar system or the world, supposedly to take place at some time predicted by some people!

Unfortunately, the inability to comprehend the life period of hundreds of millions of years at the galactic level, and the attempt to

evaluate time based on the data received from one's untaught environment, and the primitive understanding of a God with a magic wand, had led humanity to adopt an improper understanding of the doomsday explained in the Quran.

As for **heaven and hell...** The Quran makes a clear statement **“heaven as a parable (representation, similitude)”**<sup>16</sup> and thus makes it evident that all expositions of ‘heaven’ in the Quran are symbolic and metaphoric. It is quite challenging to both comprehend and talk about a state of existence in which the **‘awakened’ ones** will dwell, in congruence with the Power and other Name qualities they will be endowed with, and far from all bodily limitations. This is why **“Allah says: I have prepared for my pious servants that which no eye has ever seen, no ear has ever heard, and no human mind has ever conceived”**.<sup>17</sup>

Hell is most certainly an atrocious state of existence, in terms of the physical body one will assume in that environment. According to our observation it will be sustained in the Sun. I wrote about this in detail in my book *The Mystery of Man* in 1985. On the other hand, hell in respect of consciousness, which has a stronger emphasis in the Quran, is a far more dreadful torment: When one dies they will realize they have been endowed with the **qualities and potentials of the Names**, and have been given the most perfect opportunity to discover and manifest these during their earthly life. In the case that they squandered this chance by indulging in the physicality of things rather than internal values, they will feel an inexplicably tremendous remorse knowing they no longer have a chance to compensate. This burning will be the greatest hellfire one can experience!

As for the hellish state of existence while still on earth, it is when the consciousness confines itself to a bodily state of existence and becomes attached to others and conditioned by value judgments.

There are many more notes to make but I guess I should not extend this introduction any further. If the *Rabb* of the Worlds (the source of the infinite meanings of the Names), wills, the doors of inspiration will be opened up to you also and you will have the

delightful experience of READING the **living Quran** as it talks to you in person, and tells you about yourself.

Nevertheless, if you read this work, *Decoding The Quran*, in light of all that I have explained here, I believe you will hear it talking to you and feel the Quran living within your Self in a way that you have never experienced before.

If you question my concept... All I can say is, let us wait and see... Death is too near! If I am rightly guided, it is with the favor of Allah, and I am forever impotent from duly thanking Him. If this work is valid and legitimate, I don't know how those with differing opinions will react! This is my understanding of the Quran, how you take it is up to you!

If, in this work that I share with you without any material expectation in return, any humanly interference has occurred on my part besides my *Rabb's* (the Names constituting my essence) guidance and inspiration, I earnestly apologize.

All success is from Allah, and any shortcoming or error is from the inadequacy of my individual consciousness.

## AN ESSENTIAL MESSAGE

Unfortunately, my interpretation of the Quran, which has been done in the light of the **Knowledge of Reality**, has inadvertently led to some misunderstandings. One of these is the notion that everything begins and ends with man. Of course, in respect of man's essential reality, all that I have written are concepts that are shared by and agreed upon by all enlightened individuals.

However...

Mankind isn't the be-all and end-all.

We cannot deny that within the universe and galaxy in which we reside, in fact within our very solar system, exists countless different species of life forms, which our five-sense dependent science has not yet perceived, but which many unconditioned, objective people find very comprehensible.

The system mechanics that constitutes the make-up of a human being may very well be present in other species in the universe.

This truth is validated in the Quran!

Whether we take the example of **Abraham** (SAW), **Lot** (SAW) or even **Mary** (SAW) we repeatedly encounter these beings mentioned as '**Rasuls**' throughout the Quran.

Moreover, I may very comfortably state that the angelic being referred to as ‘**Gabriel**’ is not a product of imagination but a form of life unable to be fully perceived by our limited sense perception, while its images are a product of the data processing system in the brain. This applies to all beings referred to as angels!

I do not feel it is appropriate to say anything further regarding this topic at this stage, when the intrinsic mechanics of the brain are only just being discovered and reported in our modern world. But I must add one more note: If you believe in their sincerity and genuineness, many enlightened saints such as Abdul Karim al Jili and Muhyiddin ibn Arabi have made contact with these life forms. The following thought provoking verse also pertains to this truth:

**“I have no knowledge of the discussions of the *Mala-i Ala* (the Exalted Assembly of angels).”<sup>19</sup>**

There are many reports regarding certain species and their functions referred to as ‘*Mala-i A’la*’ in Shah Waliyyullah Dahlawi’s renowned book *Hujjatullah Baligha*, translated into Turkish by the Theology Professor Hayreddin Karaman.

Rasulullah Muhammad’s (SAW) words: **“Befriend me with the *Rafiq-i A’la* (the Highest Company)”** also sheds light on this phenomenon!

Therefore...

One should not become so captivated with the inner dimension of things as to neglect their exterior-universal aspects.

Finally, as I had stressed in my book *Spirit, Man, Jinn* 40 years ago, let us be well aware and cautioned against the ‘jinni activities’ marketed today under the guise of being ‘angelic.’

<sup>19</sup> Quran 38:69

**THE EXALTED, MAGNIFICENT AND PERFECT  
QUALITIES OF THE NAMES OF ALLAH (*AL-  
ASMA UL-HUSNA*)**

*B'ismi-Allah ar-Rahman ar-Rahim...* Allah, who created me with His Names (exalted, magnificent, and perfect qualities), is *Rahman* and *Rahim*!

Let us heed the fact that a **'name'** is only used as a **reference** to an object or quality. A name does not explain what it references in totality, but merely alludes to an identity, or an attribute of an identity. Sometimes, a name is used only to channel the attention to multiple qualities, without revealing anything about the identity.

In the case of the **Names of Allah**, let us contemplate the following: Are the Names of Allah *a collection of fancy titles of a God beyond?* Or, are they references made to the creational properties of Allah (which the senses and conditionings externalize!) with which the entire known cosmos and everything in it becomes manifest from **nothingness** into a shadow **existence**?

Once this reality is fully conceived and comprehended we may move on to the Names of Allah.

The Quran, which has been conveyed as a *Dhikr*, i.e. 'the remembrance of man's essential reality', is actually a disclosure of

the Names to expound ‘*Uluhiyyah*’. It is the **Totality of the Names** (all of the Names that have been imparted to us and that comprise our existence) that man has been endowed with and is invited to **remember!** Some of these have been disclosed in the Quran and some were revealed by the Rasul of Allah. One can never say that the names that refer to Allah are limited to only 99. Let us give an example... There are many names, such as ***Rabb, Mawla, Kareeb*** and ***Hallaq***, that are mentioned in the Quran but are not included as part of the 99 Names. The name ***Mureed***, which alludes to the attribute of ‘**will**’ (i.e. He does as He wishes) mentioned in the verse ‘*yaf’alu ma yureed*’, is also not included among the 99 Names. Contrarily, the names ***Jalil, Wajid*** and ***Majid*** are all included in the 99 Names but are not mentioned in the Quran. Thus, it would be a mistake to confine the Names of Allah to only 99, when the **Dimension of the Names** designates the infinite quantum potential, which involves the act of **observing in Allah’s Knowledge**. Man is provided with these Names as a reminder of their own true essence. Perhaps once one remembers and lives accordingly to their essential reality, many more Names will be disclosed to them. Also, we may say **heaven** alludes to this truth too, while we may not even be aware of the Names that pertain to and compose the universes within universes of infinite existence!

The enlightened ones (*Ulul Albab*) have used the phrase ‘**the shadow existence**’ to mean ‘the things we perceive do not exist in and by themselves but they are compositions of Names that manifest according to the perceiver’.

In fact, even the phrase ‘Name compositions’ is metaphorical; it is only to adapt the dual view to the One reality. Absolute reality is the observing of the ‘**multidimensional single frame**’ by the One who ‘**manifests Himself every moment in yet another wondrous way**’.<sup>20</sup> What we refer to as ‘Name compositions’ is only like one stroke of the paintbrush on this magnificent picture.

Due to having a **name** all perceivable things seemingly have a separate individual existence, whereas, because there is no God beyond, **what is really perceived as an existent object is**

---

<sup>20</sup> Quran 55:29

**essentially none other than the materialized Names (qualities) of Allah.**

This being said, the One denoted by the Names cannot be divided or fragmented into pieces, it is not composed of parts, it is even beyond concepts such as being ‘absolute One’, ‘illimitable’, ‘infinite’ and so on. It is ‘*Ahad-us-Samad*’ (the Absolute Self-Sufficient One) and only mentioned this way in the Quran once! **Allah, HU, other than whom nothing exists!** This knowledge cannot be comprehended by the human mind unless it is revealed or divinely inspired and observed in one’s consciousness! The mind, logic and judgment cannot survive here. He who attempts to intellectualize this reality will only be misguided. This reality is not open for debate! Any urge to do so will only reveal ignorance! This is the reality that pertains to Gabriel’s words: **“If I take one more step I will burn”!**

It must be realized that the Names of Allah point to the quality of His knowledge, not His *mind*, as this is inconceivable. The **mind** is a function of the brain designed to create the world of multiplicity. Essentially, even the phrases ‘the Universal Intellect’ (*Aql-i kull*) and ‘the First Intellect’ (*Aql-i awwal*) are relative concepts and are used metaphorically to denote the system by which the attribute of **knowledge** is disclosed.

The Universal Intellect refers to the dimension of knowledge that is present within the depths of all beings, within one’s essence. This is also the source of revelation.

The First Intellect, on the other hand, is a tailored phrase for the novice mind, to describe the dimension of knowledge present in the manifestation (*sh’an*) of the Names.

‘The dimension of Acts’ (*af’al*) is nothing but the disclosure of the Dimension of Names which ‘manifests itself every moment in yet another wondrous way’! The material world as we know it is this quantal plane, though differences of perception have led to the assumption that it is a **different** dimension.

**The observing One, the one being observed, the observation, are all ONE!** ‘The wine of paradise’ alludes to this experience. One who is caught up in the perception of **multiplicity** has no chance but

to engage in the chatter of this knowledge, without any experience of its reality.

As for the **Acts**, activities, multiplicity and what we perceive as the corporeal world... Existence belongs only to that which is denoted as the Dimension of Names.

**‘Observing knowledge in knowledge with knowledge’** designates that the very disclosure of the Names is the act of **observing**. In this respect, all **forms** are created and observed in knowledge. Hence it has been said **‘the worlds (or creation) have not even smelled the scent of existence yet’**. Here, the **part** is the observer, and the **whole** is the observed one!

**The force** (*kuwwa*) pertaining to the Names is referred to as **angels**, which, in essence, constitute the **reality of mankind**. One who becomes aware of their reality is said to have **‘united with their Rabb’**! Once this state is reached, if it doesn’t continue, the resulting pain has been narrated as an intense hellish suffering! This is the domain of **Power** (*Qudrah*) and the command **Be!** (*Kun*) originates from here; this is the dimension of **knowledge**, where the mind and its functions are completely obsolete! This is the essence of the land of **wisdom** (*hikmah*)! The **mind** can only watch the activities that take place in the land of wisdom, where only **consciousness** can actively participate!

The dimension of Acts (*af’al*) in comparison to this plane (the dimension of Power) is a totally **holographic** (shadow) state of existence. All the activities of the entire parallel and multiple universes and all their inhabitants, i.e. natural resources, plants, animals (humanoids) and the jinni, are **governed** by the ***Mala-i Ala*** (the Exalted Assembly of angels) in this plane, depending on the perception capability of the perceiver.

Rasuls and their successors, the saints, are like the vocal expressions of the *Mala-i Ala*, that is, the forces (potentials) of the Names, on earth! And all of this is part of the **observation** taking place in the **dimension of Knowledge!** The essence of **man**, in this sense, is **angelic** and he is invited to **remember his angelic nature and to live accordingly**. This is an in-depth and intricate topic... Those who are not acquainted with this knowledge may find my

words regarding the **observation** taking place from various dimensions to be contradictory. However, the reality I experienced when I was 21 years of age in 1966, which I have penned in my book *Revelations*, has been verified time and time again throughout the 45 years that followed it, and I have shared it all without expecting any tangible or intangible return. The knowledge I share is not a pass-down to me, rather it is the direct blessing of Allah for which I am eternally grateful! As such, there is no contradiction in my words. If it appears that way, it is probably due to the inability to make the correct connections, resulting from an inadequate database.

So, if this is the reality as I have observed, how should the topic of the **Names of Allah** be approached?

The Names of Allah are initially expressed through pure consciousness (revelation) without the interference of one's consciousness, which tries to evaluate them later. The Names are cosmic universal qualities (not in the galactic sense).

**The Most Beautiful Names belong to Allah.** The structural qualities they denote pertain to the Absolute Self-Sufficient One. The Names look to the quantum potential beyond time and place; the Names signify the **point**. As such, the Names and their meanings belong to Allah alone and are free from becoming conditioned by human concepts.

**“Exalted (*Subhan*) is Allah beyond what they attribute [to Him].”** (Quran 23:91)

**“And to Allah belongs the best names, so turn to Him through the meanings of His names. And leave [the company of] those who practice deviation (fall into duality) concerning His names. They will be recompensed for what they have been doing.”** (Quran 7:180)

That is, leave the company of those who restrict the Names with their humanly values, and fail to recognize the reality of the Beautiful Names and who do not know Allah is respect of His *Akbariyyah*!

**“And (he who) believes (confirms) the Most Beautiful (Names) (to be his essential reality) we will ease him towards ease.”** (Quran 92:6-7)

Even the consequence of **good** is related to the Names:

**“For them who have done good (*ihsan*) is the Most Beautiful (Names) and more. No darkness (egotism) will cover their faces (consciousness), nor derogation (which results from deviating from one’s essence). Those are companions of Paradise; they will abide therein eternally.”** (Quran 10:26)

Allah’s Absolute Essence (*dhat*) cannot be likened to anything in existence. With His greatness (*Akbariyyah*) He is free from becoming limited or conditioned by His creation or the attributes denoted by His Names, which constitute one point amongst infinite others. In other words, what is referred to as the **Dimension of Names** is like a multidimensional holographic single frame. And, despite the fact that it is perceived as the **realm of multiplicity**, this realm of activity is essentially a unified field of existence created with the compositional qualities in His knowledge.

To summarize before going further...

The qualities and attributes that we have come to acquire through revelation as the Names of Allah (singular in nature) are the very structural compositions that manifest the totality of all the universal dimensions, from nothingness into this shadow (holographic) existence. This reality, of which earthly vicegerency aspires to become aware, is far beyond the reach of the cruel and ignorant.

**The Dimension of Names is the ‘exalted, magnificent, and perfect attributes and qualities’ with all its sub-dimensions and inner-existence!**

Let us now ponder on the world perceived by humanity... and then **“raise our gaze to the heavens and observe”** as the Quran states, without dogmatic views and bigotry, with the understanding of universality formed by proficient knowledge!

What value does a world based on our miniscule perception have in comparison to the magnificence, glory and perfection of the universe?

I hope, in the light of this understanding, we can approach the **Names of Allah** with the awareness that their revelation depends on the purging of the individual consciousness (based on its limited

perception and conception of the Book of Knowledge) and that **their effects pertain to the whole of the cosmos**, constantly manifesting new meanings and expressions.

I would also like to take this opportunity to express one of my concerns. I do not feel the knowledge I shared through previous articles has been correctly understood. Let me restate that the meanings, qualities and attributes denoted by the **Names of Allah are only one point among infinite others in the sight of Allah**. Also, the quantum potential expressed as the **Reality of Muhammad** or the **Angel named Spirit** is not only pre- and post-eternal, but it is also the reality I refer to as the 'multi-dimensional single frame' picture! Because this has not been well understood, Allah is still perceived *as the one God out there!* Whereas the whole **observation** and all that has been articulated pertain only to a **point**: Allah is just Allah, Allah is **Akbar!** *Subhanahu min tanzihiy*<sup>21</sup>!

Please be aware that what I write and share with you can never be taken as the final conclusion; in fact, it can only be an introduction! It is not possible to openly disclose through publication matters that are deeper than this. Anyway, the people of this path will recognize that even what we have already shared are things that have never been shared in this much detail and this openly before. This is a very sensitive topic as the reader may very easily fall into the misconception of either an external God or worse, confine the reality to his Pharaoh-like 'I'ness and animalistic bodily self!

I tried to shed some light on the topic of the Names (*al-Asma*). Let us now take a look at the qualities and attributes denoted by these exalted, magnificent and perfect Names (*al-Husna*)... As much as simple words allow of course...

## **THE TRIGGER SYSTEM**

All of the qualities and attributes pertaining to the Names are entirely present at every point of existence! However, depending on the desired manifestation, some attributes gain precedence over

---

<sup>21</sup> HU is beyond comparability!

others, like the channels in an equalizer, to make up the specific formation. Also, qualities denoted by **certain Names naturally and automatically trigger the expressions of certain other Names**, in order to generate a new manifestation. This system is known as ‘*Sunnatullah*’ and entails the **universal laws of Allah** (or the laws of nature as those with limited perceptive ability would say) and the mechanics of His system.

**This is a glorious mechanism beyond description; all beings from pre-eternity to post-eternity subsist with all their inter and inner dimensions and perceivable units within this system!**

All **thoughts** and **activities** projecting from consciousness, whether through the universe or a single person’s world, are all formed within and according to this system.

In short, we may refer to this mechanism, where qualities of Names trigger one another, as the **trigger system**.

As I warned above, consider the entire universality of existence (which is ONE by essence) as the plane of manifestation of these Names. The trigger system applies to every instance of perception by a perceiver in every plane of existence within this universality. Since the entire sequence of certain qualities triggering other qualities is a *known*, it is said that the pre- and post-eternal knowledge of everything that has and will happen at all times is present in Allah’s knowledge!

The following verses and the Name *Hasib* allude to this trigger system:

**“...Whether you show what is within your consciousness (your thoughts) or conceal it, Allah will bring you to account for it with the Name *Hasib*...”** (Quran 2:284)

**“So whoever does an atom’s weight of good will see it.”** (Quran 99:7)

Evidently, the consequence of an action or thought is inevitably experienced within this system. **This is why every thought or action of gratitude or ungratefulness we may have output in the past would have most definitely caught up with us, or is bound to in the future.** If one seriously contemplates on this many doors will

open and secrets will reveal themselves. The **mystery of fate** is also pertinent to this mechanism!

Let us now follow these signpost-like Names to discover the secret lands they point to:

## ALLAH

ALLAH... Such a name... It points to *Uluhiyyah*!

*Uluhiyyah* encompasses two realities. HU which denotes **Absolute Essence** (*dhat*) and the realm of infinite points in which every single point is formed by the act of **observing knowledge through knowledge**. This act of observing is such that each point signifies an individual composition of Names.

By respect of His absolute essence, Allah is **other than**, but in terms of His Names, Allah is the **same as the engendered existence** (*sh'ay*) yet nevertheless **far and beyond** (*Ghani*) **from the worlds and any similitude!** This is why Allah, who created the engendered existence (*sh'ay*) and the acts with His Names, uses the plural pronoun 'We' in the Quran. For, in essence, the engendered existence (everything in creation) is none other than Allah! Please note that by engendered existence (*sh'ay*) we are referring to the Dimension of Names that constitute existence. One can ponder and contemplate the essence of creation and existence, but **one cannot contemplate the Absolute Essence of Allah**. It is inconceivable and inappropriate; indeed, it is absolutely impossible! This is because one that has been created with the expressions of Allah's Names cannot fully comprehend the Absolute Essence of Allah! Even if this knowledge is revealed by **divine inspiration** – which is impossible – it is inconceivable. This is why it is said 'the path of such pursuit ends in nothingness'.

## HU

*HU'Allahulladhiy la ilaha illa HU!*

Whether via revelation or through consciousness, HU is the inner essence of the reality of everything that is perceived... To such extent that, as the reflection of *Akbariyyah*, first **awe** then **nothingness** is experienced and, as such, the Reality of Hu can never be attained! **Sight cannot reach HU!** HU denotes absolute obscurity and incomprehension! As a matter of fact, all names, including Allah are mentioned in connection with HU in the Quran!

“*HU ALLAH is AHAD.*”

“*HU is RAHMAN and RAHIM.*”

“*HU is AWWAL, AKHIR, ZAHIR and BATIN.*”

“*HU is ALIY and AZIM.*”

“*HU is SAMI and BASIR.*”<sup>22</sup>

And also the last three verses of Chapter *al-Hashr*...

It is also important to note that using HU as a prefix to other Names is first to establish incomparability (*tanzih*) and then to denote similarity (*tashbih*) in reference to the given Name. This should be remembered at all times.

## AR-RAHMAN

*Ar-Rahman* signifies the materialization of the essence of every iota, with Allah's Names in His knowledge. In modern terms, it designates the quantum potential. It is the potential of the source of the entire creation. It is the name of the **Dimension of Names!** All things obtain their **existence** at the level of **knowledge and will** with the attributes denoted by this name.

As signified by the verses “*ar-Rahmanu ala'l arsh'istiwa*” (Quran 20:5)<sup>23</sup> and “*ar-Rahman Allamal Quran, Khalekal Insan, Allamul*

---

<sup>22</sup> The definitions of these Names are in the following pages.

<sup>23</sup> *Rahman* is established on the Throne (*Rahman* established His sovereignty by creating the worlds with His Names, i.e., *Rahman* observes His knowledge with His knowledge, in the quantum potential.

*bayan*” (Quran 55:1-4)<sup>24</sup>. *Rahman* is the reality that manifests in **consciousness!** The ‘mercy’ is in the act of ‘manifesting it into existence.’

The narration of Muhammad (SAW) that **‘Allah created Adam in the image of *Rahman*’** means the knowledge aspect of man reflects the qualities of *Rahman*, i.e. the qualities of the Names.

The essence (*dhat*) of man is also related to the name *Rahman*. As such, the polytheists are not able to comprehend the notion of prostrating to *Rahman* (Quran 25:60) and Satan (the mind, illusion) rebels against *Rahman* (Quran 19:44). These verses indicate the manifestation of the essence of ‘Man’.

### AR-RAHIM

*Ar-Rahim* is the name that brings the infinite qualities of *ar-Rahman* into engendered existence. In this sense, it is the ‘observation’ of the potential. *Ar-Rahim* observes itself through the forms of existence, by guiding the conscious beings to the awareness that their lives and their essential reality are comprised of and governed by the Names.

**“...And ever is He, *Rahim* to those who believe in their essential reality”** (Quran 33:43).

*Ar-Rahim* is the source of the plane of existence referred to as ‘heaven’.

*Ar-Rahim* is the producer of the angelic state.

### AL-MALEEK

The Sovereign One, who manifests His Names as he wishes and governs them in the world of acts as He pleases. The one who has providence over all things.

**“So exalted (*Subhan*) is He in whose hand (governance) is the *Malakut* (the force of the Names) of all things, and to Him you will be returned.”** (Quran 36:83).

---

<sup>24</sup> *Rahman*, taught the Quran, created man, and taught him eloquence.

The Sovereign One who has no partners!

He who is blessed with this awareness will find himself only in absolute submission to *al-Maleek*! Objection and rebellion will cease. *Al-Maleek* is the foremost quality pertinent to the phenomenon known as its manifestations through a continuum (*arsh-i istiwa*).

**“Whatever is in the heavens and whatever is on the earth is exalting** (with their unique dispositions) **Allah, *al-Maleek*, *al-Quddus*, *al-Aziz*, *al-Hakim*** (to manifest whatever meanings He desires).” (Quran 62:1)

### AL-QUDDUS

The One who is free and beyond being defined, conditioned and limited by His manifest qualities and concepts! Albeit the engendered existence is the disclosure of His Names, He is pure and beyond from becoming defined and limited by them!

### AS-SALAM

One who enables a state of peace by emancipating individuals from the conditions of nature and bodily life and endows the experience of ‘certainty’ (*yakeen*). One who facilitates the comprehension of Islam for the believers, and enables the heavenly state of existence called ‘*Dar’us-Salam*’ (the explicit manifestation of our implicit potentials).

This name is triggered by the name *ar-Rahim*:

“[And] *Salam* a word from a *Rahim Rabb*. (They will experience the manifestation of the name *Salam* from their *Rabb*, which is the reality of the Names comprising their essence)<sup>25</sup>.”

---

<sup>25</sup> Quran 36:58

### **AL-MU'MIN**

The One who enables the awareness that He, by respect of His Names, is beyond what is perceived. This awareness reflects upon us as **'faith'** (*iman*). All believers, including Rasuls and angels, have their faith rested upon this awareness, which frees the mind from the enslavement of illusion. While illusion can deter the mind, which uses comparison to operate, it becomes powerless and ineffective in the sight of faith.

The inherent quality of the Name *al-Mu'min* manifests itself directly from Awareness in one's consciousness, thereby rendering obsolete the effect of illusion.

### **AL-MUHAYMIN**

The One who maintains and protects the manifestations of His Names with His own system (*al-Hafidhu war-Rakiybu ala kulli shay*)!

*Al-Muhaymin* also designates the One who safeguards and protects (the trust).

The root word of *al-Muhaymin* is *amanah* (trust), mentioned in the Quran as the trust from which the heavens, the earth and the mountains refrained, but which 'Man' (the twin brother of the Quran) accepted. Essentially, it indicates the consciousness pertaining to the knowledge of the Names, symbolized as the angel 'SPIRIT', which is then passed on to Man, the vicegerent on earth. That is, the 'trust' signifies living with the awareness that your essence is comprised of the Names. This works in conjunction with the name *al-Mu'min*. The angel (force) named SPIRIT also possesses a form since it is also a manifestation, and as such, it is *Hayy* and *Qayyum* due to the perfection of its 'faith' in the infinite qualities of the Names.

### **AL-AZIZ**

The One who, with His unchallengeable might, disposes as He wishes. The One whose will to do as He likes, nothing can oppose.

This name works in parallel with the name *Rabb*. The *Rabb* attribute carries out the demands of the *Aziz* attribute!

### **AL-JABBAR**

The One whose will is compelling. The corporeal worlds (engendered existence) are compelled to comply with His demands! There is no room for refusal. This '*jabr*' (compelling) quality will inevitably express itself and apply its laws through the essence of beings.

### **AL-MUTAKABBIR**

The One to whom the word 'I' exclusively belongs. **Absolute 'I'ness** belongs only to Him. Whoever, with the word 'I', accredits a portion of this Absolute 'I'ness to himself, thereby concealing the 'I'ness comprising his essence and fortifying his own relative 'I'ness, will pay its consequence with 'burning' (suffering). Majesty (Absolute 'I'ness) is His attribute alone.

### **AL-KHALIQ**

The ONE Absolute Creator! The One who brings individuals into the existence from nothingness, with His Names! Everything *al-Khaliq* creates has a purpose to fulfill, and according to this unique purpose, possesses a natural predisposition and character. Hence it has been said: "**characterize yourselves with the character of Allah**"<sup>26</sup> to mean: Live in accordance with the awareness that you are comprised of the structural qualities of the Names of Allah!

### **AL-BARI**

The One who fashions all of creation (from micro to macro) with unique functions and designs yet all in conformity with the whole, like the harmonious functioning of all the different organs in the body!

---

<sup>26</sup> '*Tahallaku biakhlakillah*'

### **AL-MUSAWWIR**

The fashioner of forms. The One who exhibits ‘meanings’ as ‘forms’ and devises the mechanism in the perceiver to perceive them.

### **AL-GAFFAR**

The One who, as requisites of divine power or wisdom, ‘conceals’ the inadequacies of those who recognize their shortcomings and wish to be freed from their consequences. The One who forgives.

### **AL-QAHHAR**

The One who executes the effects of His Name ‘*Wahid*’ and renders invalid the seeming existence of the relative ‘I’ness.

### **AL-WAHHAB**

The One who bestows and gives unrequitedly to those He wishes, oblivious of deservedness.

### **AR-RAZZAQ**

The One who provides all necessary nutrition for the survival of any unit of manifestation regardless of its plane of existence.

### **AL-FATTAH**

The One who generates expansion within individuals. The One who enables the recognition and observation of Reality, and hence, that there is no inadequacy, impairment, or mistake in the engendered existence. The One who expands one’s vision and activity, and enables their proper usage. The One who enables the recognition and use of the unrecognized (overseen).

### **AL-ALEEM**

The One who, with the quality of His knowledge, infinitely knows everything in every dimension with all its facets.

### **AL-QABID**

The One who exercises His verdict by retaining the essence of an individual's Name reality. The One who restrains and enforces withdrawnness.

### **AL-BASIT**

The One who opens and expands; the One who enables dimensional and in-depth sight.

### **AL-KHAFID**

The One who abases. The One who capacitates a state of existence which is far from reality. The creator of the '*asfali safileen*' (the lower state of existence). The former of the vision of '**multiplicity**' to conceal the reality.

### **AR-RAFI**

The One who exalts. The one who elevates conscious beings to higher states of existence; to enable the realization and observation of their essential reality.

### **AL-MU'IZZ**

The Giver of Honor. The One who bestows honor to whom he wishes and holds them in esteem over others.

### **AS-SAMI**

The One who perceives His manifestations at every instance. The One who enables awareness and comprehension.

This name triggers the Name *al-Basir*.

### **AL-BASIR**

The One who is constantly observing His manifestations and evaluating their outputs.

### **AL-HAKAM**

The Absolute Judge whose judgment (verdict) is irresistibly applied.

### **AL-ADL**

The One who provides each of His manifestations their due right in consonance with **their creation program**. The One who is absolutely free from unjustness or tyranny.

### **AL-LATIF**

The One who is subtly present in the depths of every manifestation. The One whose favors are plentiful.

### **AL-HABIR**

The One who is aware of the manifestations of His Names at all times. The One who allows his manifestations to discern the level of their comprehension via their outputs.

### **AL-HALIM**

The One who refrains from giving sudden (impulsive) reactions to events, but rather evaluates all situations in respect of their purpose of manifestation.

### **AL-AZIM**

The magnificent glory beyond any manifestation's capacity of comprehension.

### **AL-GHAFUR**

The One who's Mercy should never be doubted or given up on. The One who enables necessary cleansing and triggers the name *Rahim* to bestow blessings.

### **ASH-SHAKUR**

The One who allows the proper use of His bestowals in order that He may increase them. The One who enables the due evaluation of resources such that more can be attained. This name triggers the name *al-Karim*. If this name is not activated in one's life, one will be obstructed from a connection with Allah and not able to duly use his resources, turning his attention to other things and hence becoming veiled from the blessings of Allah. This leads to 'ungratefulness', which is defined as the inability to adequately evaluate and use blessings. Eventually this results in total deprivation.

### **AL-ALIY**

The Highest (or the Sublime). The sublime One who observes existence from the point of reality (essence).

### **AL-KABIR**

The magnitude of the worlds He created with His Names are incomprehensible.

### **AL-HAFIZ**

The One who provides all requirements to preserve and maintain existence.

### **AL-MUQEET**

The One who facilitates the expression of the Name *al-Hafiz* by providing the necessary material and spiritual platform for it.

### **AL-HASIB**

The One who maintains individuality by holding them to account of their behavioral output through the mechanics of ‘consequence’.

In doing so, an indefinite flow of formation is established.

### **AL-JALIL**

The One who, with His magnificent comprehensiveness and perfection, is the sultan of the world of acts.

### **AL-KARIM**

The exceedingly generous and bountiful One who bestows His bounties even upon those who deny His existence. The ability to READ (*iqra*) is only possible through the activation of this Name, which lies dormant within the essence of every individual.

**AR-RAQIB**

The One whose majestic glory is evident through His magnificent manifestations!

## AL-BAITH

The One who constantly transforms new dimensions of existence. As a requisite of the mechanism denoted by the verse **“The One who manifests Himself every moment in yet another wondrous way<sup>27</sup>”**, *al-Baith* continually creates new experiences.

The expression of this name in respect to humanity is depicted in ‘*amantu*’<sup>28</sup> as ‘to believe in life (resurrection) after death’ (*bath’u badal mawt*) and the verse **“You will surely experience state after state (you will change dimensions and acquire new bodies in accordance with these dimensions)”**.<sup>29</sup>

We said *ba’th* (resurrection) is to **taste** death and to commence a new state of life after death... However, resurrection is also possible here on earth in this plane of existence. Like the resurrections of *wilayah* (sainthood), *nubuwwah* (prophethood), and *risalah* (the personification of Allah’s knowledge)! As all of these stations comprise new states of life.

To give an example, we may say *ba’th* is like the germination of a seed to sprout its plant, or ‘give shoot to new life’. Similarly, life emerges from **death** (dormant inactive potential). In relation to the new state of existence, the previous state is considered as a ‘grave’ (*qabir*).

**“And [that they may know] that the Hour (death) is coming - no doubt about it - and that Allah will resurrect (by forming new bodies with the Names in their essence) those (conscious beings) in the graves (bodies).”** (Quran 22:7)

## ASH-SHAHID

The One who witnesses His existence through His own existence. The One who observes the disclosure of His Names and witnesses His manifestations! The enforcer of the reality that there is no other observer but Himself.

---

<sup>27</sup> Quran 55:29

<sup>28</sup> ‘*Amantu*’ comprises the six fundamentals of belief in Islam. It consists of belief in Allah, His angels, His books, His Rasuls, doomsday (life after death) and destiny (*qadar*), that all good and evil are from Allah.

<sup>29</sup> Quran 84:19

### **AL-HAQQ**

The absolute and unequivocal Reality! The source and essence of every function in manifestation!

### **AL-WAKIL**

The One who provides the means for self-actualization. The One who advocates and protects those who place their trust in Him, providing them with the most auspicious outcomes. He who believes in the potential of the name *al-Wakil* in his own essence, will have confirmed his faith in all the Names (all his potentials). The source of the mystery of **vicegerency** lies in this Name!

### **AL-QAWWI**

The One who transforms His power into the enabling potential for the manifestation of existence (hence comprising the force of the whole of existence).

The One who forms the angelic state.

### **AL-MATIN**

The One who sustains the world of acts, the steadfast, the creator of robustness and stability, the provider of strength and resistance!

### **AL-WALIYY**

The One who guides and enables an individual to discover their reality and to live their life in accordance to their essence. It is the source of *risalah* (personification of Allah's knowledge) and *nubuwwah* (prophethood), which comprise the pinnacle states of sainthood (*wilayah*). It is the dispatcher of the perfected qualities comprising the highest point of sainthood, *risalah*, and the state one beneath that, *nubuwwah*. While the expression of *nubuwwah* is indefinitely functional, the expression of *nubuwwah* applies only to earthly life. A *Nabi* continues to live at the same state of perfection after death, but his explicit role as a *Nabi* is no longer active. On the

other hand, due to its inherent saintly qualities, *risalah* continues infinitely (as it does with saints).

### **AL-HAMID**

The One who observes and evaluates His universal perfection on worldly forms manifested by His Name *al-Waliyy*.

*Hamd* belongs only to Him.

### **AL-MUHSI**

The creator of the ‘forms’ (micro to macro) comprising the seeming multiplicities, each equipped with unique qualities and attributes, within UNITY.

### **AL-MUBDI**

The One who originates the whole of creation in the corporeal worlds, all with exclusive and unique qualities.

### **AL-MU’ID**

The One who restores life to those who turn back to their essence.

### **AL-MUHYI**

The One who enlivens and enlightens! The One who enables the continuation of the individual’s life through the application of knowledge and the observation of one’s essential reality.

### **AL-MUMIT**

The One who enables a ‘taste’ (experience) of death. The One who allows a transition between one state of existence to another.

**AL-HAYY**

The source of names! The One who gives life to the Names and manifests them. The source of universal energy, the essence of energy!

**AL-QAYYUM**

The One who renders Himself existent with His own attributes, without the need of anything. Everything in existence subsists with *al-Qayyum*.

**AL-WAJID**

The One whose qualities and attributes are unfailingly abundant. The manifest One. The One, from which nothing lessens, despite the abundance of His manifestations.

**AL-MAJID**

The magnificent and glorious One with unrestricted, infinite generosity and endowment (benevolence).

**AL-WAHID**

The One and only! 'ONE'ness far beyond any concept of multiplicity. The ONE, that isn't composed of (or can be broken into) parts (as in pantheism). The 'ONE'ness that renders duality obsolete! The 'ONE'ness that no mind or intellect can fully comprehend!

**AS-SAMAD**

The Pure Whole One! Free from the concept of multiplicity! Not formed of adjoining parts. Far from conceptualization and limitation. The self-sufficient One, in need of nothing!

An authentic hadith narrates: “**As-Samad is such that it bears no space or emptiness within it** (all, whole, one).”

### **AL-QADIR**

The One who creates (discloses, manifests) and observes His knowledge with His power without depending on causality. The One who is absolutely boundless!

### **AL-MUQTADIR**

The Determiner. The absolute possessor of all power pertaining to creation, governance, and disposition.

### **AL-MUQADDIM**

The One who expedites (or prioritizes) the manifestation of Names according to their purpose of creation.

### **AL-MU'AKHKHIR**

The One who delays manifestation in consonance with His name *al-Hakim*.

### **AL-AWWAL**

The first and initial state of existence, the essential Name.

### **AL-AKHIR**

The infinitely subsequent One, to all creation.

### **AZ-ZAHIR**

The self-evident One, the explicit, unequivocal and perceivable manifestation.

**AL-BATIN**

The unperceivable reality within the perceivable manifestation!  
The source of the unknown (*Awwal, Akhir, Zahir, Batin, HU!*)

**AL-WALI**

The One who governs according to His own verdict.

**AL- MUTA'ALI**

The limitless, boundless Supreme One, whose supremacy encompasses everything! The One whose reality can never be duly reflected by any engendered, conceptualized existence. The One who is beyond being limited by any mind or intellect.

**AL-BARR**

The One who eases the actualization of individual temperaments and natural dispositions.

**AT-TAWWAB**

The One who guides individuals to their essence by enabling them to perceive and comprehend the Reality. The One who allows individuals to repent, that is, to abandon their misdoings and to compensate for any harm that may have been caused. The activation of this Name triggers the name *Rahim*, and thus benevolence and beauty is experienced.

### AL-MUNTAQIM

The One who makes individuals live the consequences of their actions that impede in the realization of their essence. To ‘avenge’ (*zuntiqam*) is to make one ‘pay the price’ i.e. face the consequence of their doings without exception or pity. Allah is beyond being bound by concepts such as revenge. When used in conjunction with ‘severe in retribution’ (*shadid’ul iqab*<sup>30</sup>), *al-Muntaqim* denotes the force that most severely avenges individuals for failing to recognize their essence, by making them live out the consequences of their own obstructive actions in a most severe and intense way.

### AL-AFUW

The One who forgives all offences except for ‘duality’ (*shirq*); the failure to recognize the reality of non-duality prevents the activation of the name *al-Afuw*. Note that to forgive an offence does not mean to compensate the losses of the past, for in the system of *Sunnatullah* there is no compensation of the past!

### AR-RA’UF

The compassionate and pitying One who protects individuals who turn to Him from all kinds of behavior which may cause harm or trouble to them.

### AL-MAALIK’UL-MULK

The One who governs His Sovereignty as He wishes without having to give account to any individual.

**“Say; O Allah, Owner of Sovereignty, You give sovereignty to whom You will and You take sovereignty away from whom You will. You honor whom You will and You humble whom You will. All that is good is in Your hands. Indeed, You are *Qadir* (All-Powerful) over all things.”** (Quran 3:26)

<sup>30</sup> Quran 59:4

## **DHUL-JALALI WAL-IKRAM**

The One who makes individuals experience their ‘nothingness’ by enabling them to comprehend the reality that they were created from ‘naught’ and then bestowing them ‘Eternity’ by allowing them to observe the manifestations of the Names comprising their essence.

## **AL-MUQSIT**

The One who applies justice, as the requirement of His *Uluhiyya*, by endowing every individual their due, based on their unique creation purpose.

## **AL-JAMI**

The One who observes the whole of existence as a multi-dimensional single frame in His Knowledge. The One who gathers creation according to the purpose and function of their creation.

## **AL-GHANI**

The One who is beyond being labeled and limited by the manifestations of His Names, as He is Great (*Akbar*) and beyond all concepts. The One who is infinitely abundant with His Names.

## **AL-MUGHNI**

The One who enriches individuals and raises them above others in wealth and emancipates them. The One who enriches with His own riches. The One who grants the beauty of infinity (*baqa*) which results from ‘*fakr*’ (nothingness).

**“Did we not find you poor (*faqr*, in nothingness) and made you rich (with infinity - *baqa*) i.e. Did we not make you a servant of *al-Ghani*? Did we not enrich and emancipate you?).”** (Quran 93:8)

**“And that it is HU (He) who enriches and deprives.”** (Quran 53:48)

**AL-MANI**

The One who prevents those from attaining things they do not deserve!

**AD-DARR**

The One who afflicts individuals with various distressing situations (sickness, suffering, trouble) in order to make them turn to Himself!

**AN-NAFI**

The One who prompts individuals to engage in good thoughts and actions to aid them towards beneficent and auspicious outcomes.

**AN-NUR**

The Knowledge that is the source and essence of everything! The essence of everything is *Nur*; everything is comprised of knowledge. Life subsists with knowledge. Those with knowledge are the ever-living ones (*Hayy*), while those who lack knowledge are like living dead.

**AL-HADI**

The guide to the truth. The One who allows individuals to live according to their reality. The articulator of the truth. The guide to reality.

**AL-BADEE**

The incomparable beauty and the originator of beautiful manifestation! The One who originates innumerable manifestations, all with unique and exclusive qualities, and without any example, pattern, specimen etc.

## **AL-BAQI**

The Everlasting. The One who exists beyond the concept of time.

## **AL-WARITH**

The One who manifests under various names and forms in order to inherit and protect the possessions of those who abandon all their belongings to undergo true transformation. When one form is exhausted, He continues His existence with another form.

## **AR-RASHID**

The guider to the right path. The One who allows individuals, who recognize their essential reality, to experience the maturity of this recognition!

## **AS-SABUR**

**“And if Allah were to hold responsible the people for their wrongdoings and enforce the consequences upon them at once, He would not have left upon the earth any creature (*DABBAH*, i.e. earthling, in human ‘form’ – not human), but He defers them for a specified term. And when their term comes, they can neither remain an hour behind, nor precede it.”** (Quran 16:61)

The One who waits for each individual to execute his creation program before rendering effective the consequences of their actions. Allowing the tyranny of the tyrant to take place, i.e. activating the Name *as-Sabur*, is so that both the oppressor and the oppressed can duly carry out their functions before facing the consequences in full effect. Greater calamity forces the creation of increased cruelty.

## **A FINAL REMINDER**

Obviously the meanings of the Names of Allah cannot be confined to such a narrow scope. This is why I refrained from going into this topic for many years. For I know it is impossible to duly cover the comprehensiveness of this topic. However, my own experience of the reflections of this knowledge has compelled me to cover this topic to some extent. I ask Allah's forgiveness. Many books have been written in this field. I only touched upon it based on my understanding today and in a way that is easy to remember. Perhaps I have unveiled only the tip of the iceberg!

*SubhanAllahu amma yasifun!*<sup>31</sup>

I feel I need to reiterate the importance of the following point before concluding this topic:

Everything that I have shared with you here must be observed and experienced within one's consciousness, after becoming cleansed from the restraints of the illusory identity ('I'ness) and the density of the bodily state of existence. **If this cleansing involves the automated repetitions of certain words and phrases without experiential confirmation, the results will be no different from a computer running a program, and hence, ineffective.** Sufism is a way of life! Those who narrate and repeat the words of others (hence gossip!) squander their lives, finding solace in Satan's adorned and embellished games!

The evidence of having attained the reality of this knowledge is the end of suffering! That is, if you are no longer bothered or troubled by anything or anyone, if no situation or person can upset you anymore, it means this knowledge has become your reality! **As long as one is bound by value judgments attached to conditionings and lives his life centered around emotions and behaviors resulting from these, his life will continue and mature as an 'earthling' (not a human) and be subject to 'causality', both here and in the afterlife.**

<sup>31</sup> Quran 23:91

Knowledge is for application. So, let us begin with the application of: ‘knowledge that is not applied is a weight on one’s shoulders!’

Let us ask ourselves at the end of each day:

“Am I ready to embark on a ‘one-way’ journey tonight in my sleep?”

“Are worldly matters still bothering me and causing me to suffer? Or am I living my servitude in peace and happiness?”

If your answer is ‘Yes’, glad tidings to you my friend! If it is ‘No’, then many tasks await you tomorrow! In this case, when you wake up in the morning, ask yourself “What must I do today in order to go to bed in total peace and happiness tonight?”

Glory be to the One who allows us to live our days with the awareness that everything we own will perish...

2. **“And of the people are some who say, ‘We believe in Allah (in accord with the meaning of the letter B – that His Names comprise our being) and the life after’ (that we will forever live the consequences of our deeds), but they are not believers (in accord with the meaning of the letter B).”** (Quran 2:8)

<sup>32</sup> What does this mean? It means: Among all the worlds that are constituted by the meanings of the Names of Allah, your reality, existence and being also comprise the Names of Allah. Your Rabb, your very Reality is the al-Asma (the Names). Therefore, neither you nor anything else around you is anything other than the manifestations of these Names. So do not be of those who fail to see this non-dual reality, and who give a separate existence to things (like God) they believe is ‘other’ than Allah. Such duality will only result in burning, both in this life and the next. For further information: [Introductory Information to Understanding the Quran](#)

But that which they concealed before (the knowledge of reality with which that had been endowed) has now become apparent to them. And even if they were returned they would return to the things from which they had been forbidden, they are liars indeed. And You give provision** (both limited sustenance for the corporeal life and infinite life sustenance pertaining to the realization of one’s inner reality and its benefits) **to whom You will without account.”** (Quran 3:27)

**203. “Indeed We have created you, and given you form. Then We said to the angels, ‘Prostrate to Adam** (in respect of Adam being the manifestation of the totality of Allah’s Names)’; **so they all prostrated** (realized their nothingness in the sight of the manifestation of Allah’s Names), **except for Iblis<sup>37</sup>. He was not of those who prostrated** (He was of the *jinn*; an ego based existence).” (Quran 7:11)

**204. “Thereupon Satan whispered suspicions to them** (to make them aware of their ego and corporeality)...” (Quran 7:20)

**205. “And he swore to them, ‘Indeed, I am from among the advisors.’”** (Quran 7:21)

**206. “Thus he deceived them** (by imposing deluding thoughts, making them think they are the physical body; drawing their attention to their corporeality).” (Quran 7:22)

---

<sup>37</sup> Iblis is the name given to a specific *jinn*-based existence the lineage of which continues to serve the same function. The word Satan, on the other hand, is a symbol of reference to a state of existence driven by the ego and corporeality. Those who possess satanic attributes do not believe in an eternal life after the death of the physical body, and reject the knowledge that the Names of Allah comprise their essence.

**207. “And Adam disobeyed his *Rabb* (succumbed to his ego), and his way of life erred (as a result of being veiled to the reality of the Names comprising his essence).” (Quran 20:121)**

**208. “And Satan (their ego) had made pleasing to them their deeds and averted them from the (righteous) path... Though they were endowed with the ability to perceive the reality.” (Quran 29:38)**

**209. “And [mention] when We said to the angels, ‘Prostrate to Adam,’ and all but Iblis prostrated. He was of the *jinn*... (thus in favor of his ego) He disobeyed the command of his *Rabb* (he did not have the knowledge of reality [the *jinni* have no apprehension of the knowledge of reality], they live purely by the ego. A.H.)” (Quran 18:50)**

**210. “And recall when your *Rabb* said to the angels, ‘Indeed I will create a human being from clay (water plus minerals).’ So when I have formed him (by programming his brain) and breathed<sup>38</sup> into him (became manifest to form the brain) of My spirit. So the angels prostrated, all of them entirely. Except Iblis; he (relying on his mind) was arrogant and became of the deniers of the knowledge of Truth (those who cannot recognize the essence/reality of others due to their egos).” (Quran 38:71-72-73-74)**

**211. “[Allah] said, ‘What prevented you from prostrating when I commanded you?’ [Iblis] said, ‘I am better than him. You created me from fire (radiation – a specific frequency of wave. Note that the word fire [*naar*] in this verse is the same as the word used in reference to hellfire. This is worth contemplating upon! A.H.) and created him from clay (matter).’ [Allah] said, ‘Descend from your rank, for this rank is not for arrogance and feeling superior over others. Go! Indeed, you have debased yourself.’” (Quran 7:12-13)**

---

<sup>38</sup> The word ‘breath’ which is ‘*nafth*’ in Arabic literally means to blow out, i.e. to project explicitly, to manifest, to materialize.

**212. “[Iblis] said, ‘Reprieve me until the Day they are resurrected (after death).’”** (Quran 7:14)

**213. “[Iblis] said, ‘Because You have led me astray, (*yudhillu man yashau* = based on the reality that He leads astray whom He wills), I shall most certainly sit on Your straight path (*sirat al-mustaqim*) to prevent them. Then I will come to them from before them (by provoking ambition in them and glorifying their sense of self [ego] to lead them to the denial of the truth) and from behind them (by imposing delusive ideas in them and leading them to disguised forms of *shirq* [duality]) and on their right (by inspiring them to do ‘good deeds’ that will take them away from You) and on their left (by beautifying misdeeds and making the wrong appear as right)... And You will find most of them as ungrateful to You (unable to evaluate what You have given them).’”** (Quran 7:16-17)

**214. “[Iblis] said, ‘I swear by your might (the unchallengeable power within my essence denoted by the secret of the letter B), I will surely mislead them all (deviate them from spirituality, by making them confine their existence to their physical body and pursuing bodily pleasures). Except, among them, who are pure in essence (those to whom You have bestowed the experience of their essential reality).’”** (Quran 38:82-83)

**215. “Allah has cursed (Iblis) for he had said, ‘I will surely take from among Your servants a significant portion. And I will mislead them, and I will arouse in them (sinful, bodily, empty) desires, and I will command them so they slit the ears of cattle (as sacrifice), and I will command them so they will alter the creation of Allah.’ And whoever takes Satan (bodily temptations; ego) as master instead of Allah has certainly suffered a great loss. Satan promises them and arouses false hope and desire in them. But Satan does not promise anything except delusion.”** (Quran 4:118-120)

**216. “And certainly, upon you is My curse (separation from Me; inability to experience your essential reality, being trapped within your ego) until the Day of Recompense (the period in which the reality of the system will become clearly evident and thus experienced).”** (Quran 38:78)

217. “[Allah] said, ‘**Descend** (to the constricted lower state of bodily existence from a life governed by pure forces) **as enemies to one another** (the duality of body & consciousness)...’” (Quran 7:24)

218. “**You cannot turn** (those who are pure in essence) **against Him. Except he who is to enter the Hellfire.**” (Quran 37:162-163)

219. “**Verily Iblis proved his assumption** (regarding man) **to be correct, except for some of the believers they all followed him. And yet he** (Iblis/the *jinn*) **had no influential power at all over them! We only did this to reveal the distinction between those who truly believe in the eternal life to come and those who are in doubt thereof...**” (Quran 34:20-21)

220. ““**O communities of *jinn* and mankind, did there not come to you Rasuls from among you, relating to you My messages pointing to reality and warning you of the coming of this Day?**” They will say, ‘**We bear witness against ourselves**’; **and the worldly life** (they had conjured based on corporeality) **had deluded them, and they will bear witness against themselves that they were deniers of the knowledge of reality.**” (Quran 6:130)

221. “**And the *jinn* We created before from ‘*samum*’ fire** (an infusing microwave radiation that is harmful to the astral body).” (Quran 15:27)

222. “**And He created the *jann*** (the invisible beings, a type of *jinn*) **from a smokeless flame of fire** (radiation, radiant energy, electromagnetic wave body).” (Quran 55:15)

223. “**And [mention, O Muhammad], when We directed to you a group of the *jinn*, so that they may listen to the Quran. And when they were ready for it, they said, ‘Be silent!’ And when the provision came to place, they went back to their people as warners. They said, ‘O our people, indeed we have heard a Knowledge revealed after Moses confirming what was before it which guides to the truth and to a straight path** (*tariq al-mustaqim*; knowledge that leads to the realization of one’s servitude to Allah, with or without their consent) **O our people, respond to the DAI’ALLAH** (the *jinn* perceived him as the Dai’Allah not the **Rasulullah**; misused words such as ‘messenger’ denoting a courier

of information derive from this word) **and believe in him; Allah will forgive for you some of your sins<sup>39</sup> and protect you from a great suffering...**” (Quran 46:29-31)

**224. “Our inadequate understanding has been making us claim foolish things about Allah! We had thought that mankind and the *jinn* would never speak a lie about Allah. And yet there were men and women from mankind who sought refuge in men and women from the *jinn*, thereby increasing (provoking each other) in excessive (carnal) behavior.”** (Quran 72:4-6)

**225. “They turn to lifeless female deities in His stead, and hence they turn to none but stubborn useless Satan (ego).”** (Quran 4:117)

**226. “Indeed, they (those who went astray) had taken the satans (the deviators) as allies instead of Allah, and they consider themselves as rightly guided.”** (Quran 7:30)

**227. “Yet they attributed the *jinn* (invisible beings) as partners onto Allah – while He (Allah) has created them (the qualities they manifest are comprised of Allah’s names)...”** (Quran 6:100)

**228. “And we have appointed for them companions (those with satanic ideas from amongst the *jinn* and man) who made attractive to them their actions and desires. And the sentence concerning the *jinn* and man that had passed before them has now come into effect upon them. Indeed, they were [all] losers.”** (Quran 41:25)

**229. “And they have assumed between Him (Allah) and the *jinn* (conscious beings outside the human capacity of perception) a connection (i.e. associated divinity to them), but the *jinn* know well that, verily, they [who made such assumptions] shall indeed be summoned (will realize such a connection does not actually exist!).”** (Quran 37:158)

**230. “Indeed, he (Iblis and his lineage of *jinn*) has no power over those who believe (that their *Rabb* is sufficient) and place their trust in their *Rabb*. His power is only over those who take**

him as a guardian (who follow the ideas he imposes upon them) and those who associate partners with their *Rabb*.” (Quran 16:99-100)

231. “The Day when He will gather (resurrect) them together [and say], ‘O community of *jinn*, you have truly possessed (misled from reality) the vast majority of mankind.’ And their allies among mankind will say, ‘Our *Rabb*, we mutually benefited from each other, and we have [now] reached our term, which you appointed for us.’ He will say, ‘The Fire is your residence, wherein you will abide eternally, except for what Allah wills...’” (Quran 6:128)

232. “Did I not enjoin upon you (inform you), O children of Adam, that you not serve Satan (body/bodily and unconscious state of existence deprived of the knowledge of reality; ego driven existence) [for] indeed, he (this state of unconsciousness) is to you a clear enemy! And that you serve only Me (experience and feel the requisites of the reality), [as] this is the straight path (*sirat al-mustaqim*). Verily, this unconscious state (the assumption that you are merely the physical body prone to perish) has already led astray most of you. Did you not use your reason?” (Quran 36:60-62)

233. “He called to his *Rabb* (the reality of the Names comprising his essence), ‘Indeed, Satan (the feeling of being this body) has given me hardship and torment.’” (Quran 38:41)

234. “And say, ‘My *Rabb* (the protective names within my essence), I seek refuge in You from the incitements of the satans (that call to corporeality). And I seek refuge in You (the protective names within my essence), my *Rabb*, lest they be present with me.’” (Quran 23:97-98)

235. “O communities of *jinn* and mankind, if you are able to pass beyond the regions of the heavens and the earth, then pass (live without a body!). You cannot pass except by power (the manifestation of Allah’s power attribute on you). So, this being the reality, which of the blessings of your *Rabb* (the reality of the Names comprising your essence – your consciousness and body) will you deny? There will be sent upon (both of) you a flame of

**fire and smoke** (ambiguity and confusion in your consciousness), **and you will not be successful.”** (Quran 55:33-35)

**236. “And when** (during death) **the heaven** (the identity; the sense of self) **is split asunder and** (the reality) **becomes** (undeniably clear and the ego-self disappears) **burnt oil colored, like a rose**<sup>40</sup> (the reality is observed)! **So, this being the reality, which of the blessings of your Rabb** (the reality of the Names comprising your essence – your consciousness and body) **will you deny?”** (Quran 55:37-38)

**237. “Then on that Day none among men or jinn will be asked about his sin** (they will begin to live the natural consequences of their deeds)!” (Quran 55:39)

**238. “Certainly you will change dimensions and transform into bodies befitting those dimensions!”** (Quran 84:19)

## ABOUT THE AUTHOR

Ahmed Hulusi (Born January 21, 1945, Istanbul, Turkey) contemporary Islamic philosopher. From 1965 to this day he has written close to 30 books. His books are written based on Sufi wisdom and explain Islam through scientific principles. His established belief that the knowledge of Allah can only be properly shared without any expectation of return has led him to offer all of his works which include books, articles, and videos free of charge via his web-site. In 1970 he started examining the art of spirit evocation and linked these subjects parallel references in the Quran (smokeless flames and flames instilling pores). He found that these references were in fact pointing to luminous energy which led him to write *Spirit, Man, Jinn* while working as a journalist for the Aksam newspaper in Turkey. Published in 1985, his work called '*Mysteries of Man (Insan ve Sirlari)*' was Hulusi's first foray into decoding the messages of the Quran filled with metaphors and examples through a scientific backdrop. In 1991 he published *A Guide to Prayer and Dhikr (Dua and Zikir)* where he explains how the repetition of certain prayers and words can lead to the realization of the divine attributes inherent within our essence through increased brain capacity. In 2009 he completed his final work, '*The Key to the Quran through reflections of the Knowledge of Allah*' which encompasses the understanding of leading Sufi scholars such as Abdulkarim al Jili, Abdul-Qadir Gilani, Muhyiddin Ibn al-Arabi, Imam Rabbani, Ahmed ar-Rifai, Imam Ghazali, and Razi, and which approached the messages of the Quran through the secret Key of the letter 'B'.
